REVENUE DEPARTMENT.

14th January 1879, No. 83.

Read the following paper:—

No. 212. Proceedings of the Board of Revenue, dated 5th December 1878,
No. 3,263.

Read the following letter from H. W. BLISS, Esq., Commissioner of Salt Revenue,
to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated
Madras, 25th November 1878, No. 1,800:—

I UNDERSTAND that in Italy salt is taxed. I would therefore suggest the advisability of an application being made through the Foreign Office to the Italian Government for copies of all their Laws and Rules on the subject, including those, if any, under which salt is allowed to be issued for agricultural purposes free of duty. They will of course be in Italian. I would therefore request that they may be accompanied by an English translation, or, if that is not readily procurable, by a French one. Either could be made in London much more easily than here.

2. I take this opportunity to state that the French Laws and Ministerial Circulars sent with the Government Order 15th August 1878, No. 1,314, R.D. marginally noted contain no reference to a subject on which I should be glad of information, that is, the organization of the Preventive Force which guards the interests of the State in the matter of the salt revenues and its methods of working. In fact, I think this information would be useful as regards Italy and Germany also, and request that the Board will move Government to obtain it. Information regarding the two latter countries should be translated either into English or French, as I do not know either German or Italian.

SUBMITTED to Government with the request that the information asked for may be procured if possible and in English.

(A true Copy and Extract.)

Acting Secretary.
