No. 841.

No. 203.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

DEPARTMENT OF REVENUE,
AGRICULTURE, AND COMMERCE.

Miscellaneous.

Letter to Government of India, dated 28th
June 1878, No. 987.
Telegram from Government of India, dated
13th July 1878.
Letter from Government of India, dated 2nd
February 1878, No. 35.
Letter to Government of India, dated 14th
March 1878, No. 400.

SIR,—With reference to the observations conveyed in your letter of the 7th March 1878, No. 82, and the correspondence marginally noted in regard to the deputation to this Presidency of Dr. King, Superintendent, Botanical Gardens, Calcutta, I am directed to forward, for the information of the Government of India, copies of Captain C. Walker's report on the Chinchona Plantations on the Nilgiris and of that drawn

up by the Committee that was appointed to consider the question of the resumption of the local manufacture of a febrifuge and other matters.

2. These papers have been reviewed at considerable length by His Grace the Governor in Council in the accompanying Proceedings in which the questions

raised by the Secretary of State and noticed in the letter under reply are fully dealt with. Copy of the despatch transmitting those Proceedings to the Secretary of State is also forwarded for the information of the Governor-General in Council.

3. As regards the suggestion of the Government of India that it might be feasible to have Nilgiri Succirubra bark converted into Chinchona febrifuge by the Quinologist in Bengal, I am to state that, as will be seen by the papers now forwarded, it does not appear that the process hitherto followed in Bengal is so effective as the European process, and it is moreover calculated that the cost of carriage and transport would be little less than if the bark were sent to Europe to be worked up by the superior methods there followed. The same remarks apply with even greater force to the suggested conversion of Nilgiri Crown bark into quinine by the same agency.

4. His Grace the Governor in Council, therefore, considers that at present, at all events, it is not advisable to send either kind of bark to be worked up in Bengal.

5. The thanks of this Government have been conveyed to the Government of Bengal for their readiness in lending the services of Dr. King and to that gentleman himself for the valuable and willing assistance rendered by him to the Committee engaged in considering the important questions now reported on.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed) J. H. GARSTIN,
Acting Secretary to Government.

Exd. J. W. Fischer.

My dear Campbell
P. to be enclosed

I think we had better ascertain
from Beddome what
reason the copying of
be done. I might depend
on this whether Walker
could supervise it. but
I don't think he could
be put in on Beddome

the views of this Govt
on their letter should be
communicated to them
before the despatch of the
Sec of State is answered.

It is presumed that
this remark applies only
to the suggestion of the
Sec of State as to the resumption
of a local manufacture

18-5

5/2 (H. H. L. 2)
done 5/2

Now in my note
I have added for writing
the draft of the letter
also two more to be
drafted in a similar way
to the one already
done

For the

Note

The additions suggested
in the Hon^{ble} Mr. Huddleston's
note have been made
vide paras 28, 31, & 38.

In regard to the preparation
of the draft despatch to the
Sec of State it is observed
that in para 4 of the
Government of India letter
read in G.O. 1st June. 78.
No. 830 it is desired that
the views of this Govt.
on their letter should be
communicated to them
before the despatch of the
Sec of State is answered.

It is presumed that
this remark applies only
to the suggestion of the
Sec of State as to the assumption
of a local manufacture

On 24th June 78.
Can the draft
be sent to the
Sec of State
in the form of a
letter to the Sec of State
in the form of a
letter to the Sec of State
in the form of a
letter to the Sec of State

of a febrifuge and that
on all the other points raised
by him the Sec. of State may
be at once addressed and
copies of Capt. Walker's and
the Committee's reports be
forwarded to him.

Orders are requested.

Nothing has been said
in the draft as to Capt.
Walker for it was understood
from the Hon. Mr. Huddleston
that it would be well first
to ascertain when the
copying should be done.

Revenue Dept. 9

To
The Sec. to the Gov. of India
Dept. of Revenue Agri. & Commerce.

Sir,

With reference to the
observations conveyed in your
letter of the 7th March 1878

Letter to Gov. of India 4/28th
June 78 & 10/98
Telegram from Gov. of India
4/13th July 1878 -
Letter from Gov. of India 2nd Feb 78
4/35
Letter to Gov. of India 14th March 78
10/100.

N^o. 82 and the correspondence
marginally noted in regard
to the deputation to this

Residence of Dr. King

Superintendent Botanical

Gardens Calcutta, I am

directed to forward for

the

the information of the Govt
of India copies of Captain
L. Walker's report on the
Cinchona Plantations on the
Nilgiris and of that drawn
up by the Committee that
was appointed to consider
question of the
the resumption of the
local manufacture of a
febrifuge and other matters.

2. These papers have
been reviewed at consi-
derable length by His
Grace the Governor in
Council

Dated 24 February 1873
N^o 463

X
Council & I am to invite
attention to the accompanying
Proceedings in which the
questions raised by the
Secretary of State and
noticed in the letter under
reply are fully dealt with.
Copy of this Govt. Despatch
transmitting those Proce-
dings to the Secy. of State
is also forwarded for
the information of the
Governor General in
Council -

A.

h. 3. As regards the
of proposal of the Govt

of India that it
might be feasible
to have Nilgiri

Succumbra bark
converted into Cinchona

febrifuge by the
Quinologist in Bengal

I am to state that, as
will be seen by the
papers now forwarded,
it does not appear

that the process ~~as~~
~~distinct~~ followed in Bengal

is

is ^{altogether} satisfactory

It is, moreover, ^{calculated} ~~conceded~~

that the cost of carriage
and transport would be

but little less than if
the bark were sent to

Europe to be worked up

by the superior methods

there followed. The

same remarks apply

with even greater force

to the [further] suggestion

[as to] Nilgiri Crown bark

[being converted] into quinine

by the same Agency.

This

4. His Grace the
Governor in Council
therefore considers that
at present, at all
events, it is not advisable
to send either kind of
bark to be sorted up
in Bengal.

5. In conclusion
I am to request that the
thanks of His Gov^t
may be conveyed to
the Gov^t of Bengal
for their readiness in
sending the services of
L^r King and to that
gentleman

gentleman himself for
the valuable and willing
assistance rendered by
him to the Committee
engaged in considering
the important questions
now reported on.
