REMARKS.—The increase in the collections in columns 6 and 11 as compared with columns 16 and 21 was the result chiefly of the very large amount of arrears which outstood at the beginning of the current year owing to the suspension of collections in 1876-77 in charge-Lee of the famine. The charge in the increase in the kistbundy was also partly the cause of the increase.

(Signed) A. CRUICKSHANK,
Collector.

CUDDALORE,
14th October 1878.

FORWARDED with reference to paragraph 4 of the Board's Proceedings, No. 2,984, dated 27th November 1876.

SUBMITTED to Government with reference to their Order, dated 29th November 1876, No. 1,855.

2. The area cultivated up to September is 603,352 acres, and shows an increase of 16,376 acres as compared with the average cultivation in the same period of the three Faslis ending 1285. The increase appears in all taluks except Tindivanam, Trinomalai, Villupuram, and Chilambaram, and is ascribed to the favorable turn which the season has taken of late.

Cultivation up to September.	ACRES.
In Fasli 1288	603,352
Average	586,976
	16,376

3. The collections up to the month amount to Rupees 15,43,486 against Rs. 9,48,574, the average collections in the same period of the three years ending 1875-76. The increase is spread over all the taluks and is attributed in some measure to the late alteration in the kistbundy, but chiefly to the realisation of the very large arrears which were outstanding at the beginning of the current year in consequence of the suspension of collections in 1876-77 on account of the famine.
