4. The Government of India regrets that it is not in a position to sanction any increase over the current year's grant much less the large increase of Rupees 14,79,815 which the demands involve; and the budgets under "Other Services" for 1879-80 must be prepared for the grants sanctioned for the purpose for 1878-79. This restriction has been definitely imposed by Public Works Department telegram dated 13th November 1878, which has also left it to the local Governments and Administrations concerned to make the detailed distribution of their grants.

5. Dealing with the several schedules, the following points call for notice:—

Telegraph Works.—The requisitions of the Director-General of Telegraphs have been fully provided for by the several local Governments and Administrations except in the following cases:—

(a).—Signallers' quarters, &c., at Simla—

Director-General's demand	...	...	...	...	...	RS. 10,000
Provided for by Punjab	...	...	...	...	...	NIL

This provision has been omitted by the Government of the Punjab against next year as it has been made instead for this year, an additional grant of Rupees 12,650 having lately been sanctioned for the completion of the work in 1878-79.

(b).—Signallers' quarters, Ajmere—

Director-General's demand	...	...	...	...	...	RS. 3,447
Provided for by Rajputana	...	...	...	...	...	1,500
Less provided for	...	...	...	...	...	1,947

This reduction from next year is due to provision having been made by the local Administration to spend that sum during 1878-79.

(c).—Shingling roof of Dhubri Telegraph Office—

Demand of Director-General	...	...	...	...	...	RS. 2,500
Provided for by Assam	...	...	...	...	...	5,000
Excess provision	...	...	...	...	...	2,500

No explanation is given of this excess provision. If it is considered necessary to provide the sum of Rupees 5,000 in next year's budget, an explanation should be furnished.

Customs Buildings.—The Government of India, in the Revenue, Agriculture and Commerce Department, lately sanctioned an estimate, amounting to Rupees 24,804, for certain Customs buildings at Sambhar. In order to admit of the completion of these buildings this year this department sanctioned a special grant of Rupees 24,804. The Rajputana schedule shows the probable expenditure during 1878-79 at Rupees 22,000, and provides Rupees 2,900 for outlay in 1879-80. Every endeavour, however, should be made to complete the work in 1878-79 so as to utilize fully the grant assigned.

Establishment.—In the North-western Provinces the charge to Imperial Funds for work done for it by Provincial Establishment should, under rule, be calculated at the rate of 20 per cent. on works and repairs. In the North-western Provinces schedule of demands for 1879-80, however, the establishment charge has been calculated at the rate of 25 per cent. on the estimate for works and repairs. In framing the budget for 1879-80 the correct percentage should be adopted.

6. It cannot at present be stated what grants will be required for the Lahore and Peshawur road and for Civil Buildings at Quettah, the requirements for which, therefore, will be considered on receipt of the regular detailed budgets for the ensuing official year.

7. In order to enable the Government of India to fully consider and determine the grants to be finally passed for 1879-80, care should be taken that the detailed budgets, based on these orders, are submitted so as to reach this office *without fail* by the 1st January 1879.

ORDER.—Ordered, that this Resolution be communicated to the Governments and Administrations noted in the margin, to the Inspector-General of Military Works, and to the Superintending Engineer, Simla, Imperial Circle, for information and guidance.

The Governments of Madras, Bombay, Bengal, North-western Provinces and Oudh, and Punjab, in the Public Works Department, General Branch.
The Chief Commissioners, Central Provinces, British Burmah, Mysore, and Coorg, and Assam.
The Resident, Hyderabad.
The Agents to the Governor-General for Central India and Rajputana.
The Superintendent of Port Blair, and Chief Commissioner, Andaman and Nicobar Islands.

Ordered, also, that a copy be forwarded to the Foreign Department and to the Agent, Governor-General, Biluchistan, for information; also to the Director-General of Telegraphs, and to the Financial Department, for information and for communication to the Director-General of Post Offices.

(Signed) J. J. McLEOD-INNES, Col., R.E.,
Dy. Secy. to the Govt. of India.

No. 233. Proceedings of the Government of India in the Public Works Department (Account—General), dated Fort William, 7th December 1878, Nos. 792—807 A.—G.

Distribution of the amount provisionally assigned as the grant for *Military Public Works* for 1879-80.

Letter from Secy. to Govt. of Madras, dated 15th October 1878, No. 4,021 W.
Telegram from Secretary to Government of Madras, dated 28th October 1878.

RESOLUTION.—As intimated in Public Works Department telegram, dated 13th November 1878, the grants for Military (Public) Works* for 1879-80 have been fixed provisionally at the same amounts as those allotted for the current official year. With the exception of the North-western Provinces and Oudh, Rajputana, and Port Blair, the demands made are more or less greatly in excess of the grants for 1878-79, but it is regretted that financial considerations will not permit of the annual allotments being increased. The detailed budgets should accordingly be prepared for the assignments telegraphed, and be submitted so as to reach this office, *without fail*, by the prescribed date, viz., the 1st January next. This is absolutely necessary in order to enable the Government of India in this department to fully consider and submit the general Public Works budget for 1879-80 to the Financial Department by the required date.

2. The demands of the Government, North-western Provinces and Oudh, and of the Agent, Governor-General, Rajputana, and the Superintendent, Port Blair, fall short of the grants for 1878-79 by Rs. 14,504,* Rupees 84,782,* Rupees 17,910,* respectively. This circumstance was overlooked in telegraphing the figures on the 13th instant; those telegrams should accordingly now be considered as annulled and the budgets prepared for the amounts of the demands, viz., Rupees 25,496, Rupees 2,43,248, and Rupees 23,350.

		<u>*14,504</u>	<u>*84,782</u>	<u>*17,910</u>

3. In the schedule of the Government of the Punjab Rupees 10,000 have been included for the maintenance of the Rawal Pindie and Koshalgurh road. This outlay will be adequate for the purpose in view, but it may be remarked that it is in contemplation to improve the standard of the road, and that the means for providing funds for the purpose are now under consideration.

4.
