No. 13. Endorsement of the Acting Chief Engineer for Irrigation, dated 31st January 1879, No. 24 I.

From B. H. YOUNG, Esq., Assistant to the Superintending Engineer, First Circle, to the Chief Engineer for Irrigation, dated Dowlaishvaram, 11th January 1879, No. 174 G.D.

I HAVE the honor to forward herewith a plan and estimate, amounting to Rupees 1,440, for an inlet to Padmanabhini-Codu drain in the western section of the Godavari Delta, and to request you will be good enough to obtain the sanction of Government for the same.

2. This is one of the four inlets on the left bank of the Yenamadurru drain, for which provisions of Rupees 1,000 each have been made in the Project* completion estimates.

3. The Division Officer reports that the excess, Rupees 440, over the provision can be met from the large saving on the Rupees 22,300,† provided for the earth-work of the drain, which has been completed at a cost of Rupees 13,747.

* *Vide* paragraph 18 of the Chief Engineer's Note printed in G.O., No. 768, of 14th March 1871.
