FOR ORDERS.

Major Walker's
Report in the 2nd of the
above paper was
sent to the Board
as Bd of Revenue but
as Govt of Wards.
In the latter
capacity they had
in the earlier
paper accepted
Mr. Baker's decision.
But this was today
at the latter
from the Zemindar
interested
The question at
Board they had
to consider was
whether the
decision was
sufficiently favourable

of Government.
We have only
<u>extracts</u> from Mr.
Baker's decisions
in the 2nd paper
by Lieutenant
Wheatley Esq. in
the Collection referring
the Forest-lands
which returned to him
for as to the limits
position of the Forest-
lands seems to have
been settled by
Mr. Silver Esq.
already referred to
in the papers

a permanent increase to his Rent roll by allowing Coffee etc Plantations to be opened up & the State will receive no share of this addition.

It may be impolitic to interfere with a Landowners disposal of timber on waste land doubtedly belonging his Estate but where there is Timber fit for Naval purposes & the property of the Crown, it is submitted that the Crown should not dispose of such timber without reserving the right of cutting it down when required for the Public Service.

Mr Bidwell's decision in the case of Mr Silver was correct as far as it went but it did not go far enough. It was submitted that the Crown should not dispose of such timber without reserving the right of cutting it down when required for the Public Service.

Mr Bidwell's decision in the case of Mr Silver was correct as far as it went but it did not go far enough.

Point.

Since 71 no further evidence seems to have been obtained & Mr Silver was correct as far as he went in 57.

Office of Conservator of Forests
Ootacamund, 10th July '80

Colonel R. H. Beddome,
Conservator of Forests.

To,

C. G. Master Esquire,
Secretary to Government,
Revenue Department
Ootacamund.

Sir,

Referring to G.O. No: 2129 dated 31st October 1879 I have the honor to forward enclosures as per margin.

1. Letter from Major J.C. Walker to the Conservator of Forests, No: 140 of the 17th June '80, enclosing two decisions of the Revenue Survey on the Singampatty forest boundaries.
2. A map illustrating the boundaries as claimed by the Zemindar, and as finally decided.

2. It will be seen that by this decision of the Revenue Survey Department the Zemindar is only entitled to an area of Square miles 48.01 out of the total of 103.17 claimed.

3. The forests now alloted to the Zemindari of Singampatty include all the lower hill forests in the vicinity of Singampatty and Papanassam, whilst all the higher hill forests towards the Travancore boundary or those protecting the sources of the Tambraparni will remain the property of Government.

1. The decision is open to appeal, but it appears improbable that it can be reversed, should it be upheld I consider that the sources of the Tambraparni will be sufficiently protected without enforcing any reservation within the Singampatty limits.

5. The map should be published and directly the decision of the Survey Department is finally settled the boundaries should be demarcated and surveyed.

I have the honor to be
Sir
Your most obed.t Servt.
John Bidie Colonel,
Conservator of Forests.
