GOVERNMENT OF MADRAS.

## REVENUE DEPARTMENT.

22nd December 1880, No. 1,742.

READ THE FOLLOWING PAPERS :—

No. 333. From R. K. PUCKLE, Esq., Acting First Member of the Board of Revenue, in charge of Settlement Department, to the Secretary to Government, Revenue Department, dated Madras, 5th October 1880, No. 2,496-38.

WITH reference to G.O., No. 591, dated 28th May 1880, sanctioning the deputation of Mr. C. Rundall, Deputy Director, Revenue Settlement, for defining the disputed boundary between British Territory and Mysore, I have the honor to forward two reports from that officer submitting decisions and sketches regarding twenty-seven disputes now settled.

2. Mr. Rundall met Major Mackenzie, Assistant Superintendent, Revenue Survey, on the frontier on the 16th of June and completed the work on the 2nd September; the decisions were in all cases unanimous and the line was permanently marked and is now under survey.

3. Most of the disputes related to the beds of tanks, one was regarding the site of a temple used by Mysore villagers, and another affected a low range of hills used for grazing. All of them, however, abutted on the Punganúr or Kangundi Zemindaris and have been outstanding for generations, and, had it not been for the urgent necessity of closing the survey maps of North Arcot and of Mysore, these disputes might have never been settled.

4. Mr. Rundall speaks of the hearty co-operation of Major Mackenzie and of the great assistance rendered by the Amildar of the Mulabagal Taluk of Mysore. The removal of the two boundary stones (erected on the occasion of a former investigation) under the direct orders of the then Amildar of the Mulabagal Taluk, the defacement of others by the Villagers of Honikeri and Baiyapapalli, and the apparent necessity for repairing the Kanchal Vugini Tank should, I think, be brought to the notice of the Mysore Government, with the further request that the villagers concerned may be warned to abstain from interference with the waterspread of the (1) Sampalli, (2) Mirzapalli, (3) Chellagaputtur, (4) Gajjaganganapalle, and (5) Kotta Tanks; the preservation of the boundary marks by the Mysore Government may also perhaps be solicited, as, from their situation on the further side of large zemindaris, they are beyond the reach of the district officers of North Arcot. A half share of the cost of erecting boundary marks, viz., Rs. 14-15-9, is due by the Mysore Government. On the other hand the Collector of North Arcot should be required to see that the use of the temple at Ballasamudram is not interfered with by the Punganúr Villagers and that the waterspread of the five tanks mentioned above is not extended to the detriment of the Mysore lands above.

5. Sanction is requested for furnishing copies of the decisions and sketches to the Zemindars of Punganúr and Kangundi.

6. In the latter Zemindari two disputes were settled by razinamahs, and copies of these should be furnished to the Zemindar.

7. Mr. Rundall has carried out an important work promptly and thoroughly and was engaged on it almost from the time of submission of his settlement scheme for North Arcot until his promotion to another department.
