Sir

Government Order Revenue
Department of 1st April 1875 to wit
quoting from a despatch from the
Secretary of State remarks that the
comparative merits of grossing and
coppicing systems of harvesting have
not been tried and requires
me to report what steps have been
taken to investigate the matter
with reference to Government Order
19 September 1874 No 1193 placing
the subject in my hands

2. The result of all the coppicing
experiments undertaken is stated
at length in Para 4 of a letter to

an address from Mr. McTear which
forwarded to Government on a
letter No. 8 dated 27 August 1875 in which

3. After consultation with Mr.
McTear on May last I procured

45 Red Barbs of 13 years old on
the Siddavullam Plantation. I
selected the plot on account of its
excellent exposure for an experi-
ment of the kind. The plot
faces to the West and is not shel-
tered. All previous Coppices have
been made on spots protected from
winds.

4. I visited Siddavullam a
month ago and inspected the
coppice. It had an unpromising
appearance.

I have the honor to be
