„ 12th April „ „ 451.

Miscellaneous.

ADVERTING to the transfer of Mr. Brough Smyth's services to Mysore, it has been brought to notice that the Native workings north-west of the Nanjanad Chattram, which promise* well, have not been fully examined, and as His Grace the Governor in Council understands that no objection exists to the postponement of the Mysore Survey till the season there is more healthy, he resolves, in modification of previous instructions, to direct Mr. Brough Smyth to examine the Nanjanad reef somewhat more closely, at least at one place, so as to ascertain whether it holds out the expectations at a greater depth which the surface indicates. He should also examine the reef, referred to by Mr. Barlow, close to Ootacamund. Both localities may probably be sufficiently tested in a month.

* G.O., 23rd December 1879, No. 2,321, Revenue Department.

*M. Brough Smyth.*—Directing,—in connection with previous instructions relative to Mysore Survey, to examine the National's Screwbar more closely for the purpose and also the reef, referred to by Mr. Barlow, at to Ootacamund.

resolves in the rectification of previous instructions to direct Mr Bourchier Smyth to examine the Kaujaua Reef. Lt Cockburn reported closely attended to the above, but to ascertain whether it should exist the expectations as to greater depth which the surface indicates. He should also examine the reef reported by Mr Barlow & Co. to extend N.W. Both localities are supposed by the Malays to be dangerous.
