GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

3rd May 1880, No. 506.

No. 10. READ THE FOLLOWING PAPER :—

From MESSRS. ARBUTHNOT AND Co., or MESSRS. BARCLAY AND MORGAN,
Agents for the Colar Concessionaires, to R. DAVIDSON, Esq., Chief
Secretary to Government, dated Madras, 9th April 1880.

As we are given to understand that the Madras Government are about to dis-
pense with the services of Mr. Brough Smyth, having no further need of them, we
beg on behalf of the Colar Concessionaires that before the Madras Government hand
over Mr. B. Smyth to the Government of India to prospect at Colar, that he may
be desired to examine and report on the quartz reefs in the Kangundi Zemindari,
of which the Colar Concessionaires have got a concession. Kangundi being in the
Madras Presidency, it may not be possible to have the benefit of Mr. B. Smyth's
services for its examination unless he proceeds there prior to his services being
placed at disposal of Government of India.

2. We may add that, if necessary, the Concessionaires are prepared to pay any
additional expenses incidental to Mr. Brough Smyth's visit to Kangundi.

Miscellaneous.

THE agents for the Colar Conces-
sionaires will be informed that the Gov-
ernment have no objection to Mr.

Brough Smyth taking up the work indicated subject to the requirements of the
Mysore Administration, at whose disposal that gentleman's services have already
been placed on the termination of his investigations on the Nilgiris.

2. The pay and allowances of Mr. Brough Smyth and his assistant would have
to be defrayed by the agents during the time of his employment.

3. Copy of these Proceedings will be communicated to the Chief Commis-
sioner of Mysore, to whom the agents should address themselves in due course.

Memorandum.

1. In a letter dated 5th December 1879 I ~~sent~~ ^{received} ~~an~~ ^{an} ~~report~~ ^{report} relating to the discovery of native workings north west of the Langjökull Chutbun where quartz picked up on the surface yielded at the rate of 6 dwts. 13.47 grs. per ton and between 5 and 6 dwts. per ton, and I suggested that that locality should be explored. I made a proposal to camp near the Chutbun, and stated that the work would occupy (probably) the period of one month.
2. In the printed report for the month of November the place is mentioned. The report is headed 24th January 1880 No. 90. (No. 268) and the Order thereon is dated 24th January 1880 No. 90.
