GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

11th May 1880, No. 536.

No. 72. READ THE FOLLOWING PAPER:—

From R. W. BARLOW, Esq., Commissioner of the Nilgiris, to C. G. MASTER,
Esq., Secretary to Government, Revenue Department, dated Ootacamund,
14th April 1880, No. 5.

With reference to G.O., No. 227, dated 20th February 1880, I have the honor
to state that the majority of the 215 bales of bark reported as having contained
an unusually large quantity of "small and dust" were the produce of the coppicing
experiments on the Naduvatam and Hooker Plantations. The trees were
felled in May and June last, at which time the bark would not lift, and had
therefore to be scraped off, which accounts for the small and dust.

No. 73. ORDER THEREON, 11th May 1880, No. 536.

Miscellaneous.

THE Secretary of State will be
informed accordingly.

(True Extract.)

(Signed) C. G. MASTER,
Secretary to Government.

To the Commissioner of the Nilgiris.

Exd. W. H. French.

Revenue Department
Ootacamund

SIR,

With reference to G. O. No. 224 dated
20th February 1880, I have the honor to state
that the majority of the 215 Bales of bark
reported as having contained an unusu-
ally large quantity of "small and dust"
were the produce of the Coppicing experi-
ments on the Neddavattam and Dooker-
Plantations. The trees were felled in
May and June last, at which time
the bark would not lift, and had therefore
to be scraped off, which accounts for
the small and dust.

I have the honor to be
Sir
Your Most Obedt Servant
W. Barlow
Commissioner
