Sir,

I have the honor to return you the enclosed land application with letter from the Commissioner of the Interior which you requested me by W.O. to report to you on and also a copy of my report forwarded to the Commissioner after my inspecting the land on the 31st of March.

I would beg to draw to your notice that in my report, you will perceive that my recommendation for the land being granted, was on the understanding that the boundary on the ^{Eastern} ~~western~~ side, should be altered, in order to ensure the preservation of a water course the applicants as you will see willingly accented

The application sketch map
sent to you, is I believe ^{really} ~~greatly~~ similar to

No alteration being made I consider that my report should at least have been forwarded with the Tahildars.

The boundary being altered there is no cause whatever to resume the land.

Sir,

Nilgiris.

I have the honor to return your land applications, made by Pullan, Mooran and Kamah.

On the 31st of March, I inspected the applications in company with the applicants.

The three applications join each other and are bounded on the South by the Rookery estate property and on the north by land now in possession of Captain Fuller.

The block has evidently been cut over some years ago by Madagars, and has now a fair second growth on it of inferior timber. I consider it of no use to the Forest Department, situated as it is and surrounded by private property but as the application at present stands with its boundary on the east. Sir,

Adverting to this Office Letter
No 88 of the 14th August 1877 I have
the honor to request that the Board of
Revenue will be so good as to move
Government to pass early orders on
the application of certain Burglers for
three plots of land near the Pookery
Estate in the Paranganad Division,
in view to the same being sold
by public auction.

2. The lands applied for are
as the Board are aware, situate
in a locality where there are a
few

few planters, and
is desirable to encourage
settlers.

Register of Report on land applied for by Bullen, Groothui and Hama

Name of Applicant	Date of Application	Locality	Extent of land	Remarks
1. Bullen 2. Groothui 3. Hama	Decr: 1876	Adjoining the Flocking Office, Cochin.	About 37 acres.	Inspected the lands applied for by Bullen, Groothui and Hama of Cochin, with the Commission, and found the applications. All these 3 places are in the same place and are noted as follows - On the North side - 2400 Feet land " South side - 2000 Feet land " East side - 2000 Feet land " West side - 2000 Feet land " North side - 2000 Feet land " South side - 2000 Feet land " East side - 2000 Feet land " West side - 2000 Feet land

The lands referred to in the 3 separate applications are in one lot as detailed in the accompanying sketch. The whole block is a Shola land wholly covered with jungle tree tall large and small. They have been inspected by the Commissioner and are extent about 37 acres. The applications being Shola land, it seems advisable to refer the matter to the Forest Department before it is settled. The 3 original applications are returned.

land myself and considered
that the Tahsildar's estimate
was correct. As lands which
are applied for are not demar-
-cated and surveyed till
advertized for sale, there is
no way of ascertaining the
true area. A rough estimate
has therefore to be taken of
the area of such lands.

2. I may mention
that the puttah lands to the
North of the application have
been purchased by Captain
Fuller who is now planting
them with coffee and will
probably bid for the blocks
applied for, at auction if
the Government are pleased
