Revenue Department

No.

Proceedings of the Board of Revenue

Dated 25th May 1880

Read the following

No. 87 from F. W. Barlow Esquire

Commissioner, Nilgiris

To,

The Secretary to the Board of

Revenue, Madras.

Sir,

I have the honor to report

that the Revenue Department has sent

the registers of the Todanad Division,

and that for Paraingimád

are forwarded

are being examined, and the latter will be scrutinized as soon as received. I propose to issue fresh puttahs for the Survey areas at the current Settlement.

2. Orders have been issued to the Revenue Inspectors and Surveyors to prepare lists, showing cases of excess demarcation over old puttah areas and to draw special attention where Shalah or Swamp has been included in such demarcation, but assistance to regular establishment will be needed to carefully inspect such localities before issuing puttahs.

3. I understand that the total excess will not

exceed 10 per cent, but as in the immediate vicinity of Villages there will be little excess it follows that in outlying tracts there will probably be two or three times this figure, and it is important in such cases to avoid the improper inclusion of Shalah &c in the new puttahs. I am quite willing to include all real "Kurtry" holdings, but nothing more.

With the papers now before the Board submitted from time to time of late regarding land usurpation, it seems unnecessary to insist further on the necessity for this.

4. I notice that in Board's Proceedings No. 436 dated the 1st Ultimo it is proposed that a "Careful Scrutiny" of the Land Assessment

V

should be made in view to provision of assessment and the preparation of descriptive Memoirs and Government in G. O. No. 499 dated the 29th ultimo approved this proposal, and referred the matter to the Commissioner for report. In this report I must beg leave to say, locum tenens merely observing that I fully approve of the proposition, but if carried out, the Settlement Officer would naturally conduct the scrutiny I now desire, altogether relieving the local officers of the duty.

5. I propose to defer the Summer Jalma-
: bandy till this question now before Government is settled; it will matter little extends upon the Study

while the advisability of further protracting the long interval that has elapsed since the last Survey by waiting another year is evident.

6. The introduction of the new areas to the Taluks of the Kundahs + South East Wynaad cannot be effected till next year. The work in the former Division will be simple enough, but in the latter much doubt and some confusion prevails, and the assistance of the Settlement Department will be especially valuable.

Commr's Office
Ootacamund 7th May 1860.

I have

No. 707.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 25th May 1880.

Read the following letter from R. W. BARLOW, Esq., Commissioner of Nílgiris, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Ootacamund, 7th May 1880, No. 87 :—

I HAVE the honor to report that the Survey Department has sent the registers for the Tódanád Division, and that those for Paranginád are promised shortly. The former are being examined, and the latter will be scrutinized as soon as received. I propose to issue fresh puttas for the survey areas at the current settlement.

2. Orders have been issued to the Revenue Inspectors and Curnams to prepare lists, showing cases of excess demarcation over old putta areas and to draw special attention where sholah or swamp has been included in such demarcation, but assistance to the regular establishment will be needed to carefully inspect such localities before issuing puttas.

3. I understand that the total excess resulting from survey will not exceed 100 per cent., but as in the immediate vicinity of villages there will be little excess it follows that in outlying lands there will probably be two or three times this figure, and it is important in such cases to avoid the improper inclusion of sholah, &c., in the new puttas. I am quite willing to include all real "Burty" holdings, but nothing more. With the papers now before the Board, submitted from time to time of late regarding land usurpation, it seems unnecessary to insist further on the necessity for this.

4. I notice that in Board's Proceedings, No. 436, dated the 1st ultimo, it is proposed that a "careful scrutiny" of the land assessment of the Nílgiris should be made in view to revision of assessment, and the preparation of descriptive memoirs, and Government in G.O., No. 499, dated the 29th idem, approved this proposal and refer the matter to the Commissioner for report. This report I must leave to my *locum tenens*, merely observing that I fully approve of the proposition, but if carried out the Settlement Officers would naturally conduct the scrutiny I now desire, altogether relieving the local officers of the duty.

5. I propose to defer the current Jamabandi till this question now before Government is settled; it will matter little if it extends beyond the fasli, while the advisability of no further protracting the long interval that has elapsed since demarcation by waiting another year is evident.

6. The introduction of the new areas to the puttas of the Kundahs and South-East Wynaad cannot be effected till next year. This work in the former Division will be simple enough, but in the latter much doubt and some confusion prevails, and the assistance of the Settlement Department will be especially valuable.

SUBMITTED for the information of Government.

2. As it is impossible that the needful verification of holdings prior to the insertion of survey areas in the puttas can be made before the end of the fasli or even within the current calendar year there is no necessity to defer the Jamabandi any longer.

3. The Board consider it a matter of the *first importance* that the Survey areas should not be entered in the puttas until each field has been carefully scrutinized and the old and new areas compared *on the ground*.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 25th May 1880.

Read the following letter from R. W. BAWE, Esq., Commissioner of Nilgiris, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Ootacamund, 7th May 1880, No. 87 :-

I HAVE the honor to report that the Survey Department has sent the registers for the Tódanâd Division, and that those for Aranginâd are promised shortly. The former are being examined, and the latter will be scrutinized as soon as received. I propose to issue fresh puttas for the survey at the current settlement.

2. Orders have been issued to the Revenue Inspectors and Curnams to prepare lists, showing cases of excess demarcation in old putta areas and to draw special attention where sholah or swamp has been included in such demarcation, but assistance to the regular establishment will be needed to carefully inspect such localities before issuing puttas.

3. I understand that the total excess resulting from survey will not exceed 100 per cent., but as in the immediate vicinity of villages there will be little excess it follows that in outlying lands there will probably be two or three times this figure, and it is important in such cases to avoid improper inclusion of sholah, &c., in the new puttas. I am quite willing to include real "Burty" holdings, but nothing more. With the papers now before the Board submitted from time to time of late regarding land usurpation, it seems unnecessary to insist further on the necessity for this.

4. I notice that in Board's Proceedings No. 436, dated the 1st ultimo, it is proposed that a "careful scrutiny" of the old assessment of the Nilgiris should be made in view to revision of assessment, the preparation of descriptive memoirs, and Government in G.O., No. 499, dated 9th idem, approved this proposal and refer the matter to the Commissioner for report. This report I must leave to my *locum tenens*, merely observing that I fully approve of the proposition, but if carried out the Settlement Officers would naturally meet the scrutiny I now desire, altogether relieving the local officers of the duty.

5. I propose to defer the current Jamabandi till this question now before Government is settled; it will matter little as it extends beyond the fasli, while the advisability of no further protracting the interval that has elapsed since demarcation by waiting another year is evident.

6. The introduction of the new areas in the puttas of the Kundahs and South-East Wynaad cannot be effected till next. This work in the former Division will be simple enough, but in the latter much doubt and some confusion prevails, and the assistance of the Settlement Department will be especially valuable.

SUBMITTED for the information of Government.

2. As it is impossible that the needful rectification of holdings prior to the insertion of survey areas in the puttas can be made before the end of the fasli or even within the current calendar year there is necessity to defer the Jamabandi any longer.

3. The Board consider it a matter of *first importance* that the Survey areas should not be entered in the puttas until each field has been carefully scrutinized and the old and new areas compared *on the ground*.
