READ THE FOLLOWING PAPER :—

No. 261. Despatch from the Most Honorable the Secretary of State for India, to His Excellency the Honorable the Governor in Council, Fort St. George, dated India Office, London, 16th June 1881, No. 18 (Revenue).

I TRANSMIT herewith, for the information of your Government, the particulars and account sale of the 305 bales of Chinchona Bark received per S.S. *Manora*, and referred to in your Secretary's letter, No. 13, of the 14th March last.

2. The net receipts for this consignment amounted to £8,091-19-3. You will observe that the charge for freight was £182-11-3 instead of £41-19-5 only as stated in the letter of advice. I desire that I may be furnished with some explanation regarding this discrepancy.

3. Some inconvenience is experienced when, as occurred with regard to this consignment, and has occurred on former occasions, shipments of bark from your Presidency arrive before bills of lading or any particulars relating thereto reach this office. Strict instructions should, therefore, be given to avoid delay in the transmission of the necessary documents relating to future consignments, which should be despatched so as to admit of the necessary orders being issued here in anticipation of the arrival of the bark to which they refer.

ENCLOSURE No. 1.

2) The net receipts for this consignment amounted to £ 8091-19-3, you will observe that, the charge for freight was £ 182-11-3, instead of £ 41-19-5 only, as stated in the letter of advice. I desire that I may be furnished with some explanation regarding this discrepancy.
