OFFICIAL MEMORANDUM.

WITH reference to paragraphs 1, 2, 3 and 4 of Mr. Hayne's letter submitted by the Collector of Tinnevelly to the Board in his endorsement No. 187, dated 11th April 1881, the undersigned is directed to inquire if the corrections alluded to therein would in any way affect the orders already passed by Government regarding the boundaries between Travancore and Tinnevelly or are of such importance that the attention of the Travancore authorities should be called to any rectification.

No. 778.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 6th May 1881.

Read the following letter from W. C. HAYNE, Esq., Deputy Conservator of Forests, Tinnevelly, to J. B. PENNINGTON, Esq., Collector of Tinnevelly, dated Palamcottah, 28th March 1881, No. 563 :—

WITH reference to G.O., No. 321, of the 19th February 1881, I have the honor to inform you that Government have apparently misunderstood paragraph 16 of my report on the first season's work on the boundary to be found in G.O., No. 1,828, of the 21st December 1875.

2. When I made the statement that "the Mutukuli Vayal tract was undeniably in Travancore territory" my meaning was as far as the water-shed division was concerned. This point I touched on again on a subsequent date in my letter to you, No. 357, dated 3rd November 1879, and again in paragraph 33 of my last report on the boundary work, No. 438, of the 22nd January 1880, printed in Board's Proceedings, No. 275, of the 24th February 1880.

3. Government are laboring under a misapprehension regarding the Atharmalais. The few acres of land alluded to in my report to be found in G.O., No. 2,638, of the 4th September 1877, has no reference to Augustear Peak claimed by the Travancore Government which is some $2\frac{1}{2}$ miles to the south.

4. The claim for the observatory site on Augustear Peak by the Travancore Circar would only involve a deviation of the line to the east for a few yards extending over a length of about 150 yards.

5. As an approximate area of 91 square miles shown in the margin has been yielded to the Travancore Circar* under G.O., No. 975, of the 18th August 1880, and No. 321, of the 19th February 1881, I have the honor to suggest that the task and expense of the reclearance of the boundary every three years be delegated to the Travancore Circar.
