Sir,

Some time ago the Madras Government were good enough to procure from Java some seed of the Cinchona Calisaya var. Ledgeriana but unfortunately sufficient could not be obtained for general distribution.

I have the honor to request that a further supply may be indented for and distributed, the cost of the seed being defrayed if necessary, by the applicants.

Sir,

I have the honor to forward for the favorable consideration of Government copy of a letter from the Wynad Planters' Association dated 18th November 1880 requesting that they may be favored with a fresh supply of Ledgeriana seed / Cinchona Calisaya var Ledgeriana / from Java. On being asked by me whether the Association could not obtain the seed direct for themselves, they allege that "the supply of Ledgeriana seed is excessively scarce in Java" and that "it is only through the influence of the Madras Government that they can hope to obtain a supply sufficient for the requirements of the District."

I have the honor to be

Sir

Adverting to the order of the Madras Government No 12 dated 6th January 1881 on the subject of a supply of seed of Cinchona succirubra, I am directed to point out to the Government of Madras through you that the communication from the Government of the Nilgherry Hills is dated so far back as the 28th May 1880 and has special reference to the seed supply of 1879.

The Committee are of opinion that if the Government of Madras would kindly transmit themselves to address a further application to the Government of the Nilgherry Hills, a supply of the required seeds may be obtainable and I am directed to ask for your kind offices in this matter

I have &c
