GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Despatch from the Most Honorable the MARQUIS of HARTINGTON, Her Majesty's Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India Office, London, 2nd February 1882, No. 6 (Revenue).

Referring to your Secretary's letter, No. 29, of the 15th July last, I have to inform your Excellency that the 56 bales of Bark per S.S. *Indus*, therein referred to, were, on arrival, made over to Mr. Whiffen for the extraction of alkaloids on Government account.

2. This bark, as will be seen by the analysis, a copy of which is given in the margin, was not rich in the more valuable alkaloids. It was valued by the Brokers at about 1s. per lb. at which price the whole consignment would not have realized £290, whereas it appears to have been valued in Madras at £570. In consequence of this over-valuation the additional freight and premium for insurance were needlessly increased.
