GOVERNMENT OF MADRAS,

Revenue Department,

Stonehouse, Ootacamund,

5th September 1882.

Dear Walker,

With reference
to your letter 24th August
without number, I am to
ask if you know chinchina
morado by name, on what
grounds you recommend
the purchase of the seed at
so high a price & whether you
have sufficient knowledge
of Mr. Roberts to justify
you in accepting his guarantee
that it is genuine.
Yours sincerely

My dear Rees.

I do not know
C. monacha but am in-
formed that it is a variety of
Calisaya. Unfortunately
Stoward's book is at present dis-
abled and the office is not working
with the books of reference.
I know nothing of Mr. Roberts
save from his letters which I
re-enclose (to be returned) the
letter you have not seen
but I think the thing is
bona fide as he is quite
open & above board about
it & in his last letter

when Capt. Pole knew as a
friend -

The price is not high for
Ceylon. I like it worth
while for Gov. because some
of it is experiment -

It might however be
easier to communicate by
letter or telegraph with
Dr. Trimen at Peradenia
& request him to purchase
if he considers the
variety valuable & the
seed bona fide. He will
probably know of it -

Respectfully,
H. A. H. H. H. H. H.

Official Memorandum.

In reply to Official Memorandum
No 370 dated 13th instant, the undersigned
has the honor to state that we have
only a very small quantity of seed
of C. Pulverius or Magnifolia all of
which is required for Government purposes
whilst it would require 125 lbs at Rs. 4
per lb. in seed rate to represent 10% of
the C. Morada seed at Rs. 500.

2. A further private communication
has been received from Mr. Corydon
Roberts who guarantees the excellence
of the C. Morada and asks that a
telegram may be sent to him at Galle
if we require any.

3. The undersigned would recommend
that a 5% of the C. Morada be secured
for experiment a telegram to that
effect being despatched as requested
by Mr. Roberts who now states that
he was wrong as to the "Quinas"
and that a grain called "Quinoa"
