Read—the following letter from H. W. BLISS, Esq., Commissioner of Salt Revenue, to the Secretary to the Board of Revenue, dated Madras, 31st January 1882, No. 1174 :—

In continuation of paragraph 2 of my letter, No. 9962, dated 19th December 1881, recorded in Board's Proceedings, No. 119, dated 17th January 1882, I have the honor to report that I have consulted the officers marginally noted, who all have more or less acquaintance with the working of the credit system, as to the advisability of fixing a lower minimum for the grant of credits than the sum of Rs. 5,000 prescribed in the Board's Standing Order No. 210, old edition, and that they are unanimous in considering the alteration likely to stimulate the sales of salt. The present minimum is so high with reference to the means of the ordinary salt traders of the country, that they are unable to take advantage of the credit system, the operation of which is therefore restricted to a few of the more important business centres. In some parts of the country (particularly in the Ceded Districts where the extension of the sales of sea salt is a matter of very great importance for more reasons than in the interest of the revenue) a sort of monopoly seems in consequence to have been created in favor of a few wealthy men, which it is most advisable to put a

stop to. There is some difference of opinion as to the extent of the reduction which should be made in the minimum sum for which credits should in future be granted, but the officers consulted clearly think without exception that the lower the minimum is fixed the more traders will be led to take advantage of the system. I request therefore permission to reduce the minimum to Rs. 1,000. This will lead to some increase of office-work, but should tend, *inter alia*, to a great reduction of retail sales—an object decidedly to be aimed at, retail sales being almost everywhere the cause of much waste of time and labor.

Read—the following letter from H. W. BLISS, Esq., Commissioner of Salt Revenue, to the Secretary to the Board of Revenue, dated Madras, March 1, 1882, No. 1860 :—

Referring to the Board's Proceedings, No. 500, dated February 15, 1882, I have the honor to report that on Monday last His Excellency the Governor visited the Salt Depôt and conferred with the Agent and Manager and the Traffic Manager of the Madras Railway and with myself, as to the system upon which the interior is supplied with salt by rail. The conclusion arrived at was that the trade might not improbably receive a beneficial stimulus, if the minimum amount for which credit is granted were lowered to Rs. 500. A man who could only afford to buy a single waggon load (and the advantageous rates of freight per waggon load prevent its being profitable to buy less) could then do so on credit. I request permission therefore to lower accordingly the minimum sum for which credit is given.
