N^o 897
c

Office Note.

G.O. N^o 4053 of 2^d Decr. 1892.
" 4428 of 22^d " "

In accordance with the orders of Govt noted in the margin, I beg to state that I was present at the auction sale of Govt chincona bark held in Madras on the 5th and 7th March.

2. Most of the principal firms in Madras were represented at the sale and the largest buyers were Messrs. E. & J. H. & Co.

3. Two hundred and thirty-eight bales containing 25,052 pounds of bark were offered for sale realizing Rs. 39,370 and including 27½ pounds of surplus samples, which sold for

for Rs 55, altogether
Rs 39,425.

4. A detailed invoice
is sent with this letter
which gives weights,
upset price, prices
realized ~~per~~ ~~per~~. I
also enclose an abstract
statement of all the
four sales which
have taken place and
in it I have given
all necessary figures
for comparison ~~per~~.

5. The results are
more favorable than
those of the last sale
and may I think be
safely accepted as very
good, taking the present
state of the Home market
into consideration.

6. There was a very
keen

keen competition at the²
last 2 sales for the red
barks and it will be
observed from the
Abstract Statement
that, while the prices
realized for crown barks
have steadily declined,
those for red barks
have increased at
each sale, and if
management propose
to hold another or more
sales, I should be inclined
to recommend that only
red barks be offered.

7. The power to reduce
the calculated upset
prices granted to me
was of great service,
and without it a very
large proportion of the
bark would have had to
be bought in.

There

8. There has been
some little delay in
submitting this office
note and enclosure,
which has been un-
avoidable, and I beg
therefore to request
that you will be good
enough to send on the
papers without delay
to Government as
directed in para 2 of
G.O. N^o 323 dated 5th
March last.

Total 11,646lbs.

Grand Total 25,052lbs.

TERMS - CASH.

Conditions of Sale.

1st.—The highest bidder to be the purchaser, and in the event of any dispute arising between two or more bidders at the same price, the lot so disputed shall be put up again and re-sold.

2nd.—The lots to be removed by the purchasers at their own expense and risk. A deposit of 25 per cent. to be paid at the time of sale immediately after the lot is knocked down to the purchaser when demanded, and in case of refusal, the lot shall be re-sold at the risk (in the event of any loss) of the party so refusing.

3rd.—Lots to be taken with all faults and errors of description.

4th.—All lots to be at the risk of the purchasers from the time of sale, and such as remain uncleared after five days may, at the option of the Auctioneers, be re-sold either by public or private sale, the first purchaser to be held liable for any loss arising from such re-sale, but to forfeit any advantage together with the Auctioneers' commission.

Office Note

In accordance with the orders of Government noted in the margin, I beg to state that I was present at the auction sale of Government chinchona bark held in Madras on the 5th and 7th March.

2 Most of the principal firms in Madras were represented at the sale and the largest buyers were Messrs. Calcutt & Co.

3 Two hundred and thirty-eight bales containing 25,052 pounds of bark were offered for sale, realizing Rs 39,370 and including 27½ pounds of surplus samples, which sold for Rs 55, altogether Rs 39,425.

4 A detailed invoice is

From 405,370 to 500,000 December 1890
— 5428 — 22 —

To the Collector of
Nilgiris

is sent with this letter
which gives weights, offer
price, prices realized, &c. &c.
I also enclose an abstract
statement of all the four
sales which have taken
place and in it I have
given all necessary figures
for comparison &c.

5. The results are more
favorable than ^{those of} the last
sale and may I think
be safely accepted as
very good, taking the
present state of the
Home market into con-
sideration.

6. There was a very keen
competition at the last
2 sales for the red barks
and it will be observed
from the Abstract State-
ment that, while the prices
realized for crown barks
have steadily declined,
those for red barks have
increased at each sale,
and

and if Government propose
to hold another or more
sales, I should be inclined
to recommend that only
red barks be offered.

7. The power to reduce
the calculated upset
prices granted to me was
of great service, and with-
out it a very large pro-
portion of the bark would
have had to be bought in.

8. There has been some little
delay in submitting this
office note and enclosures,
which has been unavoidable,
and I beg therefore to request
that you will be good enough
to send on the papers with-
out delay to Government
as directed in para 2 of
G.O. No. 323 dated 5 March
last.

Rev. 2147/83

REVENUE DEPARTMENT.

13

Cur. No. 2147.

From The Collector of Nilgiris
 Dated the 30th March 1882. Recd 2nd April

FOR ORDERS.

an auction sale of bark
 was first ordered by Mr
 Kunderston with the object of
 developing a local demand
 such private growers might
 supply. A local demand
 has now been developed to a
 considerable extent as witnessed
 by the sums realized at these
 sales, but private growers
 certainly cannot, as yet,
 supply it. May we not then
 initiate further sales? but
 not money solely & here is
 means of obtaining some,
 ready to hand - I much
 fear that the Indian office
 is eventually for the local
 sales but, as yet, they leave
 it done so. S.F. 11/4/83.

The Collector forwards the J^r Conservator's
 report on the last local sale of
 Chinchona.

For orders whether it may be
 recorded with the remark that
 the results are satisfactory.

Whether any orders
 are to issue for further sales.
 Up to date 758 bales have been
 sold for Rs. 1,24,661 the average
 rate realized being Rs. 1.9 per
 lb or 2 shillings & 7 pence, hence
 being taken to equal 1/8d.

In the Budget
 for 1883-84 credit was not taken
 for receipts from sales as no orders
 had issued for any sales beyond
 that, of which the result is now reported.

11.4.83

This matter requires a little
 consideration - It put the
 bark into the Madras
 market as an experiment
 to ascertain whether
 there was any local demand.
 It has been determined
 in the affirmative - The ex-
 periment was made in
 the interests of the private
 growers who are now

when it was made clear
 to them that there was
 such a demand, would
 send their bark to Madras
 & then avoid risk of not
 getting to England. If
 they do this, our objection
 is accomplished and we
 should withdraw. If they
 do not it is possible that
 they are deterred by the
 fact of the Govt. consign-
 -ments meeting a great
 extent the local demand
 and thus preventing them
 from obtaining remunerative
 prices. We must not
 lay ourselves out to the
 charge of competing with
 private interests and I
 think it would be well
 before advertising further
 sales to consult the planter
 through Mr. Bokall, who is a
 large grower. A memorandum
 -draft might be drawn
 up stating the object with
 which Govt. instituted
 these local sales and
 the prices realized. Mr.
 R. might be asked to as-
 certain from the planters
 whether of the Govt. sales
 have discontinued the planter
 would come forward to
 supply the local demand
 which has been shown
 to exist or whether they
 find

Last local sale of Chinchona.

FOR ORDERS.

(4)

The Hon. Secy. to Govt.
 Secy. Council
 Do nothing till we hear from
 Secy. Betcher

find it more remunerative
 to ship home. - In this case
 I see no objection to the
 local sales of Govt. barks
 being continued for the
 present but I certainly
 think the views of the planter
 should be ascertained
 17/4. A.S.S.

Send to Secy. Mr. Giverson

Take this to Council. We
 must take great care not to
 stimulate the tendency which
 there is to assume the fact of
 interfering with private trade
 must condemn each step, carefully
