SIR.

I have the honour to forward herewith report by the Deputy Commissioner of Forests regarding damage done by a hail storm on the 25th April last to the Chinchona plantations, "Workers".

2. The storm was reported on the 27th April but details were given only on the 29th May. The damage done is not so great as was at first expected.

Office Note.

In continuation
of this Office Note No. 69
dated 27th April 80 I
beg to state that the
Puccinbrans throughout
suffered severely from
the hail, the foliage
in plots Nos. I, VII, VIII,
IX and XII having been
almost entirely strip-
ped off. It will be ne-
cessary to uproot the
injured trees or they
will all, I am afraid,
die off. Some plants
in the nurseries were
injured but not to any
serious extent. The
same remark applies
to last year's planting.
2. On the whole
the estate has escaped
wonderfully considering
the severity of the
storm. The drainage
system

The Collector
Nilgiris

System was not good,
and we have now im-
proved it, as our nur-
series suffered most
from wash, and this
will not be possible
in future.
