No. 3346.

From Board of Revenue

Dated 22nd May

1883.

FOR ORDERS.

The question upon which the orders of Government are solicited is whether a house called Chinchona Villa shall be purchased as an official residence for Mr Lawson.

The agreement with that gentleman is that he shall receive 600 Rupees a month and be provided with an official residence.

Houses however are not easily procurable in Botocumund & it is only very recently that the present opportunity offered.

Mr Lawson considers the building suitable in every respect being sufficiently large for a dwelling & for all office requirements & situated conveniently near the Govt. gardens.

- It is therefore proposed
to ask the P.W.D. to report
whether the house is
worth the price the
owner puts upon it &
if so to arrange for its
purchase. E. F. W.
