PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following G.O., dated 17th May 1883, No. 615, Revenue :—

Read—again G.O., dated 29th July 1882, No. 791, Revenue.

ABSTRACT.—Communicating to the Revenue Board, with instructions, India letter requesting punctual submission of License Tax and other Financial Reports in future.

Read—again G.O., dated 16th September 1882, No. 991, Revenue.

ABSTRACT.—Reviewing Abkari Administration Report for Fasli 1290.

Read—again G.O., dated 13th September 1882, No. 973, Revenue.

ABSTRACT.—Recording, with observation, Board's Proceedings on Government Order directing the adoption of suitable measures for the punctual submission of License Tax and other Financial Reports.

Read—again G.O., dated 30th March 1883, Mis. No. 1367, Revenue.

ABSTRACT.—Recording letter from the Accountant-General stating the time by which the Forest and other Budget Estimates should reach his office.

Read—also the following Official Memorandum from F. GIBSON, Esq., Acting Secretary to the Board of Revenue, to the Secretary to Government, Revenue Department, dated 9th April 1883, No. 2423, Routine :—

The undersigned has the honor to state, in reply to Official Memorandum, dated 10th March 1883, No. 84, Revenue Department, that the due dates seem to require alteration in the following cases :—

ANNUAL REPORTS.

No. 1, *Excise Administration Report*.—The date fixed for this report in G.O., dated 16th September 1882, No. 991, is 1st October. It will hardly be possible to get that report ready for submission before that date.

No. 3, *District Press Report*.—The earliest date that can be fixed for this report is 1st July.

No. 6, *Stamp Report*.—With reference to G.O., dated 6th September 1881, No. 1334, the due date to Government should be altered to 1st July and that to the Board to 1st June.

No. 7, Government Farms Report.—As it is important that this report should be published at as early a date as possible, the Board consider that the Superintendent should submit it to the Director of Agriculture on the 1st June and the latter officer to the Board on 1st July. As this is the only annual report which the Superintendent has to furnish besides the one relating to the School of Agriculture, and as a considerable portion of the information required for the report can be written up before the end of the year, the Board will request Mr. Robertson to do his best to furnish the report by the 1st June. If the above dates are approved, the due date to Government may be fixed as 1st September.

No. 9, Forest Report.—As there are now two Conservators with smaller ranges than before, and as this is the only annual report the Forest officers have to furnish, the 1st July, may be fixed as the due date to the Board. This will allow sufficient time for the reports being carefully reviewed in this office.

Nos. 10 and 11, Settlement and Survey Reports.—Fifteen days are hardly sufficient for the Board to review these reports. The due date to the Board should be altered to 1st July which will allow three months' time to the Heads of the Departments concerned for the preparation of their reports and one month to the Board for their review.

No. 18, License Tax Report.—Arrear collections of License Tax can be made within three months after the close of the year, and the Collectors cannot therefore be expected to despatch their reports before the 15th August. Even if the District reports are received by the 1st September, which hitherto has seldom been the case, it will take some time to check them and tabulate the statements. 1st October will be the earliest date on which the Board can submit their *General Report*.

ANNUAL STATEMENTS.

No. 1, Stamping Weights and Measures.—15th May and 1st July may be fixed as the due dates to Board and Government, respectively.

No. 2, Statement of escheated property, ordered to be sold by the Board.—This can be sent to Government by 1st May.

No. 4, Tea and Coffee Cultivation.—These statements cannot be submitted before 1st May. There is always difficulty and delay in getting the accounts from Planters. The statement for 1882 is still due from Nilgiris. In reply to reminders sent from this office, the Collector has just written to say that some of the Planters have declined to furnish information, and that others have asked for time.

No. 8, Cotton and Jute Mills.—The due date to Board may be altered to 15th May.

No. 9, Stamp duty in Pauper Suits.—If the information is kept posted up, as it should be, in the District offices, there is no reason why the statement should not reach the Board by 1st May.

No. 13, Area under each Crop.—The G.O., dated 13th January 1873, No. 114, P. W. No statement has since been submitted by the Board. The information will probably be furnished by the Director of Agriculture in future.

No. 14, Statement of Rents sanctioned by the Board.—This can be sent to Government by 15th April.

No. 16, Report on Cultivation and Trade in Cotton.—According to the Board's Calendar, this is not due before the end of October. In G.O., dated 30th September 1876, No. 1393, the date fixed is the end of December. It will not be possible to send it before the 15th October.

The statements of refunds of duty and of fines sanctioned by the Board of Revenue (G.O., dated 16th September 1858, No. 1268, and G.O., dated 31st March 1859, No. 440,) have been omitted from the list. These may be despatched to Government by 1st May.

Order—dated 17th May 1883, No. 615, Revenue.

Miscellaneous.

The Government resolve to circulate for adoption the accompanying List of Budgets, Reports and Returns submitted to Government in this Department, in which the suggestions made by the Board of Revenue in their Proceedings read above have been embodied. It should be understood by all officers concerned that the dates prescribed in column 5 of the list for the submission of the several Budgets and Reports to Government are the very latest admissible.

2. The Superintendent, Government Farms, has hitherto been submitting two separate reports, one on the Experimental Farm at Saidápet and another on the Agricultural operations conducted by himself and his Assistants at Saidápet and elsewhere, during the year. The Government desire that these reports should in future be incorporated, and that one general Report only embracing the Agricultural operations at Saidápet and elsewhere should be submitted through the Director of Agriculture and the Board of Revenue. A separate report on the School of Agriculture will continue to be submitted through the Director of Public Instruction to Government in the Educational Department.

3. The Government of India will be addressed in view to obtaining a modification of the dates prescribed for the submission of the Excise and License Tax Administration Reports and the Statements of Coffee and Tea Cultivation.

RESOLUTION—dated 19th June 1883, No. 1766.

Communicated to all Collectors, Inam Commissioner, Commissioner of Salt Revenue, Conservators of Forests, and Superintendent of Stamps, for information and guidance.

2. Their attention is invited to the Board's revised calendar for 1883-84, and they are requested to see that all the periodical returns and reports are submitted within the dates therein prescribed. Much of the delay in the submission of the returns which the Board have had frequently to notice could have been avoided if District officers only insisted on the required information being posted up from month to month, instead of being put off till after the close of the year. There should be no possible difficulty if the information is tabulated from time to time in sending in the reports numbered 17 (List II) and the statements Nos. 1, 3, 4, 7, 8, 10 (List III) in the Government table within three or four weeks at the outside, after the close of the year to which they relate. Much of the information for the other important reports can also be similarly posted up with progressive totals.
