Read the following

*Letter from the Collector of Nilgiris No 107
dated 6th October 1883*

*In G.O. 21st September 1883 No.
2657 W. Public Works, an allotment of Rs
16000 is made "for the purchase of the
Chinchona- Villa property, repairs, and other
incidental expenses"*

2 *In accordance with Memo to
the Executive Engineer No 371 E dated 17th
September 1883, a sum of Rs 15,000 only was
placed at my disposal for this purpose*

3 *I have paid this sum to the
persons entitled thereto, and hold their
receipts therefor*

4 *There is a further sum of Rs
179-8-0 to be paid on account of Costs
of Conveyancing, and I request that
this sum may be placed at my disposal*

5 *The balance will be available
for repairs. Mr Lawson informs me
that*

that the Executive Engineer states that he cannot begin the repairs required till money is placed at his disposal

6 I do not know whether there is any necessity for the balance being placed at my disposal: it might, I think, be placed at disposal of the Public Works Department after estimate has been prepared and sanctioned

Mr. Lawson is anxious to have the repairs done before he takes up his residence in the house on the 22nd instant

7 But the amount due for costs I should pay to those entitled thereto under the terms of the Agreement

Order thereon to Rs 4406 of 11 Oct. 1883.

The Executive Engineer has already been directed, in G.O. 2657 of dated 21st September 1883, to carry out the requisite repairs to Chinchona Villa. Those instructions should be attended to at once. It was understood that the

the allotment of Rs 16,000 would cover cost of purchase, repairs, and incidental expenses. If the grant is insufficient, an additional allotment may be applied for. Meanwhile the legal expenses incurred by the Collector should be paid by the Executive Engineer
