To

Sir,

With reference to your
Official Memo. No. 55 dated 16th
February 1883, I have the honor
to inform you, that the last con-
= signment of 91 bales consisted
of Red bark of an inferior kind
taken from trees which were uprooted
or coppiced, as they showed signs
of dying out, and valued in ac-
= cordance with the instructions con-
veyed in para 2 of Despatch No.
6 Revenue, dated 2nd February 1882,
recorded in G.O. No 266 of 6th March
1882. The Consignment contained,
in all, 9,100 pounds of bark, and at
one shilling per pound would have
been valued at £455, but, as there
was a very large quantity of root
bark, it was considered that £400

would

would be quite sufficient value
to put upon it.

2 The previous Consignment,
Consisting of 131 bales, contained
in all 17,133 pounds, or nearly twice
as much as the last Consignment
and Consisted entirely of Crown bark
of the very best qualities almost all
Renewed or mixed with a very small
proportion of Natural. It was
valued at about 4 sh. 8 d per
pound, which I do not think
was too high.

3 The instructions conveyed
in your para 2 will be carefully
attended to in future.

I have the honor to be
