To

THE RIGHT HONOURABLE THE EARL OF KIMBERLEY,
Her Majesty's Secretary of State for India.

Simla, the 13th June 1884.

MY LORD,

WITH reference to your Lordship's Despatch No. 68 (Revenue), dated 18th October 1883, we have the honour to transmit, for your Lordship's information, a copy of the correspondence cited in the annexed list, and to state that after consulting the Governments of Madras and Bengal, we agree in your Lordship's decision to revert, pending final decision of the question of local manufacture, to the former system of sale by auction, of any barks consigned to the India Office from Madras and Sikkim.

2. We also concur in your Lordship's proposal to send to India the stock of quinine and febrifuge which has accumulated in London, and would suggest that a quarter of the stock be sent to the Government of Madras direct and another quarter to the Government of Bombay, and the remaining half to Calcutta for distribution in the Bengal Presidency. This supply of quinine will suffice for the requirements of the Medical Department in this country for some years to come, and no more will be indented for until it has been absorbed.

3. The febrifuge will be distributed by the Local Governments in malarious districts at a low price, and in such a manner as may appear to them most expedient.

We have the honour to be,
MY LORD,
Your Lordship's most obedient, humble Servants,

RIPON.
