FOR ORDERS.

I submit that it was only to be expected that Mr Stuart's answers should have been incorrectly reported, when he did fail to take care that the minutes of his answers ^{should be} revised by him. The published report of his proceedings has done great mischief, judging from the newspaper comments & correspondence. It does not appear whether Mr Stuart was authorized by the Director to attend the meeting & give the information he did. If not, he took upon himself a responsibility greater than he ought to have assumed.

2. I suggest that six copies of

This was an omission

I think he was right to meet the wishes of the planters for information and that we can trust him having

be sent direct to the Planter
Association; and that printed
copies of the Historical Review
& Preface be sent to Mr.

Wilson & the Whittens, but
that it is altogether inexpedi-
ent that these documents

which show the strength &
weakness of the Govt's case
in support of its Escheat

claim should not be furnished
to the Planter's Association
or made public in any way.

This might be disastrous
in the event of legal proceedings
being undertaken.
