8TH JULY 1884, No. 829, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following letter from M. A. LAWSON, Esq., Director, Government Cinchona Plantations, &c., Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 23rd June 1884, No. 19:—

I have considered carefully the question contained in G.O., No. 649, dated 15th May 1884, and I have now the honor to report to you that I have not been able to secure any house or rooms which I think would answer the purpose of a Quinologist's laboratory.

2. I would propose, therefore, that the old Cinchona laboratory should be handed over *temporarily* to Mr. Hooper on his arrival, and that he should design and superintend the erection of such a building as his work may require.

3. I would urge that the present laboratory should be used by him, as I have said above only temporarily, as its being situated in the middle of the gardens renders its being used permanently as a laboratory very undesirable. Besides this, the present building, with a few alterations, would make a very efficient herbarium, and I should wish to keep it for that purpose.

4. I think the arrangement I propose will be found in the long run to be more satisfactory and economical than any others I can suggest.

ORDER—dated 8th July 1884, No. 829, Revenue.

Miscellaneous.

The Director's proposals are approved.

(True Extract.)

Cotacamund

Sir,

I have considered carefully the question contained in G.O. No 649 dated 15th May 1884, and I have now the honor to report to you that I have not been able to secure any house or rooms, which I think would answer the purpose of a Quinologist's laboratory.

2. I would propose therefore that the old Cinchona Laboratory should be handed over temporarily to Mr. Hooper on his arrival, and that he should design and superintend the erection of such a building as his work may require.

3. I would urge that the present laboratory should be used by him, as I have said above only temporarily, as its being situated

Situated in the middle of the
Gardens renders its being used
permanently as a laboratory very
undesirable. Besides this the
present building with a few
alterations would make a very
efficient Herbarium, and I
should wish to keep it for that
purpose.

4. I think the arrangement I
propose will be found in the long
run to be more satisfactory and
economical than any others I can
suggest.

I have the honor to be
Sir

Yours most obt. servant

M. A. Lawson.

Gardens & Parks
Nilgiris

Noti.

It seems scarcely necessary to inform the Secy of State of the arrangements made, in reply to his despatch in No. 15 May. No 644. He has already been asked to telegram to send out all chemicals etc. with his troops, but his troops cannot bring out a laboratory building or well.

To The Secretary to Government
