Sir,

With reference to para 2 of G.O. N^o 366
dated the 25th March 1885, I have the honor to
state that Mr. D. Hogher will proceed to Madras,
to consult with the Principal Medical Storekeeper,
in connection with the estimates of cost of the
1000 lbs of the fluid extract referred to, as soon as
he completes some important analysis, on which
he is at present engaged, and this will be towards
the end of the week.

With reference to para 5 of the G.O.
in question, I beg to state that the apparatus
which

which Mr. Hooper at present has, being only
for experimental purposes, is not suitable
for the manufacture of large quantities of
shelter for sale to the public, as proposed.

I am not aware of what sort of apparatus
will cost, but, I shall be able by my
position to inform you, and will again

communicate with the Government on the subject.

Yours truly
