G.O. No.	717	Press Mis.
Dated	13-6-	18 85.

Not to be folded or roughly handled

13TH JUNE 1885, No. 17, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following letter from M. A. LAWSON, Esq., Director of Government Cinchona Plantations, Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 3rd June 1885, No. 19 :—

With reference to paragraph 3 of G.O., No. 550, dated the 12th May 1885, I have the honor to state that I have this day instructed Messrs. Oakes and Co. to deliver ten bales or 1,000 lb. of red bark of the marginally-noted variety to the Principal Medical Storekeeper, Madras, for the manufacture of the 1,000 lb. of fluid extract.

2. Mr. Hooper will be able to visit Madras whenever the Medical Storekeeper shall have finished the grinding of the bark.

3. With reference to paragraph 5 of the above-quoted Government order, I beg to state that I replied to paragraph 5 of G.O., No. 366, of 25th March last, in my letter No. 4 of 15th April 1885, in which I reported that Mr. Hooper could not undertake the manufacture of any large quantity of febrifuge with the means at his disposal. I have again consulted Mr. Hooper on this subject, and he tells me that he does not think that this could even be done in the Medical Storekeeper's Department in Madras without causing a stoppage of all other work.

ORDER—dated 13th June 1885, No. 717, Revenue.

Miscellaneous.

It is observed that paragraph 5 of G.O., 25th March 1885, No. 366, related to *quinine* and not to febrifuge as assumed by the Director. It is presumed, however, that if febrifuge cannot be manufactured in sufficient quantity with the means at present available, the same remark will apply to the manufacture of quinine.

2. The Government await the report as to the cost of the necessary apparatus promised in the concluding paragraph of the Director's letter of the 15th April last.

(True Extract.)

(Signed) W. WILSON,
Ag. Secretary to Government.

To the Director, Government Cinchona Plantations,
Parks and Gardens, Nilgiris.

JUNE.

Cinchona Alkaloids.

Presuming that if febrifuge cannot be manufactured in sufficient quantity with the means available, the same remark will apply to the manufacture of quinine; and awaiting report as to the cost of the necessary apparatus.

From

M. A. Lawson Esq
Director, Govt Cinchona
Plantations
Nilgiris

To, The Secretary to Government
Revenue Department
Cotacamund

Sir, With reference to para 3
of G. O. No. 550 dated the 12th May
1885, I have the honor to state
that I have this day instructed
Messrs Oakes & Co. to deliver 10 Bales
or 1000 lbs of Red Bark of the
10 Bales of Renewed Red Bark = 1000 lbs marginally
noted varieties
to the Principal Medical Storekeeper,
Madras, for the manufacture
of the 1000 lbs of fluid Extract.
2. Mr Hooper will be able to
visit Madras, whenever the Medical
Storekeeper shall have finished the
grinding of the bark
3. With reference to para 5-
of the above quoted G. O., I beg to
state

state that I replied to para-
5 of G. O. No. 366 of 25th March last
in my letter No. 4 of 15th April
1885, in which I reported that
Mr. Hooper could not undertake
the manufacture of any large
quantity of febrifuge, with the
means at his disposal. I have
again consulted Mr. Hooper on
this subject, and he tells me that
he does not think that this could
even be done in the Medical Store-
keepers Department in Madras,
without causing a stoppage of
all other work.

I have the honor to be

Sir

Your most ob^l servant

M. B. Lawson

Director

5/

It is observed that para 5
of G.O. 25th March 1885
no 366 related to quinine
and not to febrifuge, as
assumed by the Director.
It is presumed, however, that
if febrifuge cannot be
manufactured in sufficient
quantity with the means
at present available, the
same remark will apply
to the manufacture of
quinine.
