REVENUE DEPARTMENT.

To

THE ASSISTANT UNDER-SECRETARY OF STATE FOR INDIA.

SIR,

I am directed to forward the accompanying indent (in duplicate) from the Director of Government Cinchona Plantations for certain chemicals required by him for the manufacture of cinchona alkaloid, and to request that the Right Honorable the

Miscellaneous.

Secretary of State will be pleased to issue instructions for their very early supply. A copy of the Proceedings of this Government sanctioning the indent is herewith enclosed. It will be observed therefrom that Mr. Hooper, the Government Quinologist, recommends the purchase of glycerine No. 2 B from Price's Candle Company, Battersea, London.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed) J. F. PRICE,
Ag. Secretary to Government.

FORT ST. GEORGE,

REVENUE (1836) DEPARTMENT.

(Copy.)

LETTER to the Assistant Under-
Secretary of State for India.

Dated 27th December,
No. 98 of 1886.

Forwarding an indent for certain chemicals
required by the Director of Government Cinchona
Plantations.

13TH DECEMBER 1886, No. 1085, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following letter from M. A. LAWSON, Esq., Government Botanist and
Director of Cinchona Plantations, Nilgiris, to the Secretary to Government,
Revenue Department (through the Accountant-General), dated Ootacamund,
11th November 1886, No. 75:—.

I have just obtained from England information respecting the cost of glycerine
and hydrochloric acid, and am now able to state what amount and quality of each
will be required for the manufacture of cinchona bark into 10,000 lbs. of febrifuge.

2. Price's Candle Company, Battersea, London, sell their No. 2 B quality in tins at
54s. per cwt., less $12\frac{1}{2}$ per cent. discount. Mr. Hooper recommends this kind and
requests to be supplied with 2,240 lbs. of it; he also asks that he may be furnished with
a hundredweight of a cheaper kind, which sells at 46s. 8d. per cwt., less $2\frac{1}{2}$ per cent.
discount. These 21 cwts. will cost in English money £49-10-6, or Rs. 660-5-4.
The hydrochloric acid may be had at the rate of a penny per pound, in carboys, from
any wholesale chemist, and of this material Mr. Hooper requests to be supplied with
5 cwts., the cost of which in English money would be £2-6-8, or Rs. 31-1-9.

3. All further manufacture of the febrifuge is at present at a standstill for the
want of these chemicals, and I have therefore the honor to request that you will be
so good as to obtain for me the sanction of Government for their purchase at a very
early date.

4. There will be sufficient funds to meet the charge from savings which will be
effected during the current year either in the Cinchona or in the Quinologist's
department.

No. 3254.

Forwarded to the Secretary to Government, Revenue Department.

FORT ST. GEORGE,
18th November 1886.

(Signed) H. F. CLOGSTOUN,
Accountant-General.

READ—the following letter from M. A. LAWSON, Esq., Government Botanist and
Director of Cinchona Plantations, Nilgiris, to the Secretary to Government,
Revenue Department, dated Ootacamund, 4th December 1886, No. 89:—

ABSTRACT.—Retransmitting indents for glycerine and hydrochloric acid in quadruplicate.

ORDER—dated 13th December 1886, No. 1085, Revenue.

Miscellaneous.

Ordered that the indent be trans-
mitted to the Secretary of State for favor
of compliance.

(True Extract.)

(Signed) J. F. PRICE,
Ag. Secretary to Government.

To the Government Botanist.
„ the Accountant-General, with copy of indent.

G.O., 13th December 1886, No. 1085.

DECEMBER.

Glycerine and hydrochloric acid.

Indent for — required for the use of the
Government Cinchona Plantations, forwarded to
the Secretary of State for compliance.

1 7-
O. M. No 357.

The undersigned is
directed to point out
that the entries in Nos
2 & 3 of the indent are
incorrect as the cost
of the articles is debutable
to Provincial & not
Imperial funds. The
indent is accordingly
returned for revision &
retransmission in
quaduplicate.

Sir,
I have just obtained from England
information respecting the cost of Glycerine
and Hydrochloric acid, and am now able
to state what amount and quality of
each will be required for the manufacture
of Cinchona bark into 10,000 lbs of
Febrifuge.
2 Price's Candler & Co., Battersea, London
sell their No. 2 B quality, in tins at 54s
per cwt, less 12½ per cent discount.
Mr Hooper recommends this kind and
requests

requests to be supplied with 2240 lbs
of it; he also asks that he may be
furnished with a cwt of a cheaper
kind, which sells at sh 4.6.8d per cwt,
less 2½ per cent discount. These 21 cwt
will cost in English money £49.10.6,
or Rs 660.5-4. The Hydrochloric acid
may be had at the rate of a penny per lb,
in casks, from any Wholesale Chemist,
and of this material, Mr Hooper requests
to be supplied with 5 cwt. The cost of
which in English money would be £2.6.8,
or Rs 31.1.9.

3. All further manufacture of the
Fibrifuge is at present at a stand still,
for the want of these chemicals, and I
have therefore the honor to request
that you will be so good as to obtain
for me, the sanction of Government for
their purchase at a very early date.
