C.O. 1958-2123

G.O. 1958-2123

The Govt. of India appear to be under the impression that the revenue, the transfer of which ~~was~~ from "Land Revenue" to "Forests" was requested by this Govt., is derived from reserved lands. But before addressing the Govt. of India again on the subject, the Govt. desire to be favoured with the opinion of the Board of Revenue ~~that~~ upon the principle implied in the above letter, viz. that only the revenue derived from lands under the control of the Forest Dept. i.e. Reserved Forests and Reserved Lands, should be credited to "Forests." The natural consequence of the acceptance of this principle would be that the operations of the Forest Dept. would in future be confined to the Reserved Forests and Lands.
