GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 22nd March 1886, No. 677 :—

Read—the following letter from H. W. BLISS, Esq., Commissioner of Salt and Abkari Revenue, to the Secretary to the Board of Revenue, dated Gorapur, 22nd February 1886, No. 2552 :—

I have the honor to submit a draft notification to be published by Government under sections 10 and 13 of the new Abkari Act prescribing the quantities of toddy and country spirits which may be transported or possessed without permit or license respectively.

2. The old law was that any quantity of "liquor" (that is, of toddy as well as of arrack) not exceeding one imperial quart, could be transported (and possessed) without permit (or license). One quart is, however, a very small quantity of toddy. I think half a gallon might be the future limit above which permit or license should be required. On the other hand, with respect to country spirits, an imperial quart is a very inconvenient measure with which to have to deal. So far as I know, there is no such thing as an imperial quart bottle. The transport of country spirits both by people who take them to their houses to drink and by smugglers under the "quart system," which in certain localities is so injurious to the revenue, is invariably in reputed quarts, and to this quantity free transport and possession should, in my opinion, be in future restricted.

3. If this latter proposal is approved, the old law will, for all practical purposes, be continued in those tracts in which it is safe to allow the free transport and possession of small quantities of spirits. There are, however, certain tracts in which no free transport or possession can safely be allowed. I have consulted the Collectors on the subject and have appended to paragraph B of the draft notification a list of these excepted tracts, regarding which I submit the following remarks.

4. *Ganjam*.—The Collector thinks that free transport must for the present be entirely stopped throughout the district. I concur.

5. *Vizagapatam*.—I enclose copies (in two cases originals to be returned) of the marginally noted correspondence which has passed between the Collector and myself on the subject. Since this correspondence passed, the Act has been amended so as to enable Government to prohibit all transport of liquor from one local area into another, but I remain of opinion that in tracts where there is reason to believe that smuggling is common it is essential to have a belt along the frontier of the tract into which smuggling takes place and

within it, within the limits of which belt the legal prohibition of transport (and possession) without permit (or license) shall not be relaxed. If not, we shall never be able to obtain the conviction of a smuggler unless he is either caught while actually crossing the boundary, or unless the spirits seized in his possession are so completely different in character from the spirits made (or licitly sold) in the tract into which the smuggling has taken place that one can positively say that they must have been smuggled. It is needless to say that it must be very rarely that a man can be caught in the act of crossing a frontier, and that convictions based on differences in the description and quality of articles of which European magistrates are no judges, and which no Native magistrate will taste, will be very difficult indeed to obtain and will always be open to more or less doubt. If, however, the legal prohibition of transport (and possession) without permit (or license) is maintained within a certain distance of the frontiers between differing systems of abkari management, the preventive officers will have far more chance of success, and, in my opinion, will soon be able to put down smuggling if detected cases are suitably punished by the magistracy. I cannot admit the Collector's argument that the detection of smuggled liquor all over a taluk must, of necessity, be far more advantageous to the revenue than detection confined to one part of it. I feel sure that such detection will be most difficult and will, by itself, be a most inadequate protection. I do not, however, abandon detection all over a taluk because I stop all transport in one part of it (*vide* my remark in the margin of paragraph 3 of the Collector's letter, No. 1473). As to his argument that the magistracy would infer guilt from the proved actions of the accused, I beg to differ from him. No doubt they should do so, and perhaps they do so in cases of ordinary crime; but, if one may judge from one's experience of the action of the Vizagapatam magistracy in salt cases, they will not do so when the offence charged is not a crime *per se*, but an offence against a fiscal law.

6. *Nellore*.—I enclose the Collector's letter, No. 6036, dated 20th November 1885 (in original and to be returned). I do not think it will be necessary to maintain the legal restriction throughout the whole of the frontier taluks, and have asked the Collector to send me a list of villages which, or parts of which, are within five miles of the frontier. Pending his reply, the law cannot be relaxed in any part of the taluks in question.

7. *Cuddalore*.—I enclose the Collector's letter, No. 3424, dated 14th December 1885 (in original and to be returned). I think a belt in which transport shall not be allowed must be maintained along the frontier towards Cumbum and Mysore. I do not think it at all follows that there is no smuggling because little or none has been detected hitherto when there has been no look-out kept for it.

8. *Anantapur*.—I enclose the marginally noted letters from the Collector. I have asked him for a list of villages to be included in a belt along the frontier. Pending his reply, I propose not to relax the law in the frontier taluks.

9. *Bellary and Kurnool*.—I have followed the Collector's proposals as to the frontier villages in which the law should not be relaxed.

10. *Chingleput*.—The villages named constitute a three-mile belt round the Madras town abkari limits, within which the Collector of Madras agrees with me that the law should not be relaxed.

11. *South Arcot*.—I enclose the marginally noted papers. I have consulted Messrs. Parry and Co. on the subject and am quite clear that the maintenance of the legal restrictions on the transport and possession of country spirits is imperatively necessary within five miles of the Pondicherry frontier. Arrangements will be made for the easy obtaining of permits in the town of Cuddalore.

12. *Tanjore*.—I enclose the marginally noted papers. It is essential to guard the Pudukota as well as the Karikal frontier.
From Collector, No. 319-C, dated 30th October 1885 (in original and to be returned).
To Collector, No. 11479, dated 7th November 1885 (copy).

13. *Trichinopoly*.—The Collector concurs in the establishment of a belt on the Pudukota frontier.

14. *Madura*.—I enclose the marginally noted papers. Pending the Collector's reply, I propose not to relax the law in the tracts specified in the draft notification.
From Collector, No. 1813, dated 13th September 1885 (in original).
To Collector, No. 9777, dated 24th September 1885 (copy).
From Collector, No. 2047, dated 14th October 1885, and No. 2445, dated 24th November 1885 (in original).
To Collector, No. 2133, dated 13th February 1886 (copy).

* To be returned.

15. *Tinnevely*.—The draft notification accords with the Collector's proposals. I have, however, asked him for a list of villages included in a five-mile belt along the frontier, as in other cases, so that the law may be relaxed in the remainder of the taluks specified in the draft notification.

16. *Coimbatore*.—Smuggling from Cochin and Malabar was long ago complained of (*vide* Board's Proceedings, No. 1018, dated 27th March 1885). I enclose the marginally noted papers. The villages entered in the draft notification are within the five-mile limit only.

17. *Salem*.—The Collector agrees that the law cannot be relaxed in frontier tracts.

18. *Malabar*.—The necessity of maintaining the legal restrictions in the Cochin taluk will be apparent.

19. I also enclose a draft notification under the proviso to section 10 of the Abkari Act declaring that permits for the transport of foreign liquor shall not be dispensed with in certain tracts, namely, in the villages round Pondicherry and Karikal, named in the previous notification as villages in which the law as to the transport and possession of country liquor should not be relaxed, and in certain amshams round Mahé named by the Collector of Malabar. The restriction of the free transport of foreign liquor in these localities is, in my opinion, very necessary.

Abkari Act.

Notifications under sections 10 and 13 of the Act prescribing the quantities of toddy and country spirits which may be transported or possessed without permit or license respectively, approved and ordered to be published in three successive issues of the Fort St. George and the several District Gazettes.

BOARD OF REVENUE, 22ND MARCH 1886, No. 677.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from H. W. BLISS, Esq., Commissioner, Salt and Abkari Revenue, to the Secretary to the Board of Revenue, dated Gorapur, 22nd February 1886, No. 2552:—

I have the honor to submit a draft notification to be published by Government under sections 10 and 13 of the new Abkari Act prescribing the quantities of toddy and country spirits which may be transported or possessed without permit or license respectively.

2. The old law was that any quantity of "liquor" (that is, of toddy as well as of arrack) not exceeding one imperial quart could be transported (and possessed) without permit (or license). One quart is, however, a very small quantity of toddy. I think half a gallon might be the future limit above which permit or license should be required. On the other hand, with respect to country spirits, an imperial quart is a very inconvenient measure with which to have to deal. So far as I know, there is no such thing as an imperial quart bottle. The transport of country spirits both by people who take them to their houses to drink and by smugglers under the "quart system," which in certain localities is so injurious to the revenue, is invariably in reputed quarts, and to this quantity free transport and possession should, in my opinion, be in future restricted.

3. If this latter proposal is approved, the old law will, for all practical purposes, be continued in those tracts in which it is safe to allow the free transport and possession of small quantities of spirits. There are, however, certain tracts in which no free transport or possession can safely be allowed. I have consulted the Collectors on the subject and have appended to paragraph B of the draft notification a list of these excepted tracts, regarding which I submit the following remarks.

4. *Ganjam*.—The Collector thinks that free transport must for the present be entirely stopped throughout the district. I concur.

5. *Vizagapatam*.—I enclose copies (in two cases originals to be returned) of the marginally-noted correspondence which has passed between the Collector and myself on the subject. Since this correspondence passed, the Act has been amended so as to enable Government to prohibit all transport of liquor from one local area into another, but I remain of opinion that in tracts where there is reason to believe that smuggling is common it is essential

to have a belt along the frontier of the tract into which smuggling takes place and within it, within the limits of which belt the legal prohibition of transport (and position) without permit (or license) shall not be relaxed. If not, we shall never be able to obtain the conviction of a smuggler unless he is either caught while actually crossing the boundary, or unless the spirits seized in his possession are so completely different in character from the spirits made (or licitly sold) in the tract into which the

smuggling has taken place that one can positively say that they must have been smuggled. It is needless to say that it must be very rarely that a man can be caught in the act of crossing a frontier, and that convictions based on differences in the description and quality of articles of which European magistrates are no judges, and which no Native magistrate will taste, will be very difficult indeed to obtain and will always be open to more or less doubt. If, however, the legal prohibition of transport (and possession) without permit (or license) is maintained within a certain distance of the frontiers between differing systems of abkari management, the preventive officers will have far more chance of success, and, in my opinion, will soon be able to put down smuggling if detected cases are suitably punished by the magistracy. I cannot admit the Collector's argument that the detection of smuggled liquor all over a taluk must, of necessity, be far more advantageous to the revenue than detection confined to one part of it. I feel sure that such detection will be most difficult and will, by itself, be a most inadequate protection. I do not, however, abandon detection all over a taluk because I stop all transport in one part of it (*vide* my remark in the margin of paragraph 3 of the Collector's letter, No. 1473). As to his argument that the magistracy would infer guilt from the proved actions of the accused, I beg to differ from him. No doubt they should do so, and perhaps they do so in cases of ordinary crime; but, if one may judge from one's experience of the action of the Vizagapatam magistracy in salt cases, they will not do so when the offence charged is not a crime *per se*, but an offence against a fiscal law.

6. *Nellore*.—I enclose the Collector's letter, No. 6036, dated 20th November 1885 (in original and to be returned). I do not think it will be necessary to maintain the legal restriction throughout the whole of the frontier taluks, and have asked the Collector to send me a list of villages which, or parts of which, are within five miles of the frontier. Pending his reply, the law cannot be relaxed in any part of the taluks in question.

7. *Cuddapah*.—I enclose the Collector's letter, No. 3424, dated 14th December 1885 (in original and to be returned). I think a belt in which transport shall not be allowed must be maintained along the frontier towards Cumbum and Mysore. I do not think it at all follows that there is no smuggling because little or none has been detected hitherto when there has been no look-out kept for it.

8. *Anantapur*.—I enclose the marginally-noted letters from the Collector. I have asked him for a list of villages to be included in a belt along the frontier. Pending his reply, I propose not to relax the law in the frontier taluks.

9. *Bellary and Kurnool*.—I have followed the Collector's proposals as to the frontier villages in which the law should not be relaxed.

10. *Chingleput*.—The villages named constitute a three-mile belt round the Madras town abkari limits, within which the Collector of Madras agrees with me that the law should not be relaxed.

11. *South Arcot*.—I enclose the marginally-noted papers. I have consulted Messrs. Parry and Co. on the subject and am quite clear that the maintenance of the legal restrictions on the transport and possession of country spirits is imperatively necessary within five miles of the Pondicherry frontier. Arrangements will be made for the easy obtaining of permits in the town of Cuddalore.

12. *Tanjore*.—I enclose the marginally-noted papers. It is essential to guard the Pudukota as well as the Karikal frontier.

13. *Trichinopoly*.—The Collector concurs in the establishment of a belt on the Pudukota frontier.

14. *Madura*.—I enclose the marginally-noted papers. Pending the Collector's reply, I propose not to relax the law in the tracts specified in the draft notification.

15. *Tinnevely*.—The draft notification accords with the Collector's proposals. I have, however, asked him for a list of villages included in a five-mile belt along the frontier, as in other cases, so that the law may be relaxed in the remainder of the taluks specified in the draft notification.

* To be returned.

16. *Coimbatore*.—Smuggling from Cochin and Malabar was long ago complained of (*vide* Board's Proceedings, No. 1018, dated 27th March 1885). I enclose the marginally-noted papers. The villages entered in the draft notification are within the five-mile limit only.

17. *Salem*.—The Collector agrees that the law cannot be relaxed in frontier tracts.

18. *Malabar*.—The necessity of maintaining the legal restrictions in the Cochin taluk will be apparent.

19. I also enclose a draft notification under the proviso to section 10 of the Abkari Act declaring that permits for the transport of foreign liquor shall not be dispensed with in certain tracts, namely, in the villages round Pondicherry and Karikal, named in the previous notification as villages in which the law as to the transport and possession of country liquor should not be relaxed, and in certain amshams round Mahé named by the Collector of Malabar. The restriction of the free transport of foreign liquor in these localities is, in my opinion, very necessary.

Proceedings, 22nd March 1886, No. 677.

Submitting to Government, with Board's approval, two draft notifications from the Commissioner of Salt and Abkari Revenue—one under sections 10 and 13 of the new Abkari Act prescribing the quantities of toddy and country spirits which may be transported or possessed without permit or license respectively, and the other under the proviso to section 10 declaring that permits for the transport of foreign liquor shall not be dispensed with in certain tracts.

Notification under Madras Abkari
Act 1886.

Transport and Possession of liquor.

Under sections 10 and 13 of the
Madras Abkari Act, 1886, the
Right Honourable the Governor in
Council is pleased to notify that

A. Half a gallon of toddy
may be transported without permit,
and be possessed by persons not being
licensed manufacturers or vendors
of liquor, without license through-
out the Presidency.

B. One sixth of a gallon
of Country spirits may be transport-
ed without permit, and be possessed
by persons not being licensed manu-
facturers or vendors of liquor, without
license throughout the Presidency,
except in the following local areas.

Rev. 2356/86

LN 1111/86

Proceedings of the Board of Revenue

Dated 22nd March 1886

No. 677 Pres.

READ

the following letter from the Commissioner of Salt and Akbari Revenue, to the Secretary to the Board of Revenue, Madras, dated 22nd February 1886 No. 2552.

I have the honor to submit a draft notification to be published by Government under Sections 10 and 13 of the new Akbari Act prescribing the quantities of "torry" and "Country Spirits" which may be transported or possessed, without permit or license, respectively.

The old law was that any quantity of "liquor" (that is of "torry" as well as of "arack") not exceeding one imperial quart could be transported (and possessed) without permit (or license). One quart is however a very small quantity of "torry". I think half a gallon might be the future limit alone which permit or license should be required. On the other hand, with respect to "Country Spirits,"

1. An imperial grant is a very inconvenient measure with which to have to deal. So far as I know, there is no such thing as an imperial grant bottle. The transport of Country Spirits both by people who take them to their homes to drink and by smugglers under the "grant system", which in certain localities is so injurious to the revenue, is invariably in reputed grants, and to this quantity free transport and possession should, in my opinion, be in future restricted.

2. If this latter proposal is approved, the old law will, for all practical purposes, be continued in those tracts in which it is safe to allow the free transport and possession of small quantities of Spirits. There are however certain tracts in which no free transport or possession can safely be allowed. I have consulted the Collectors on the subject and have appended to paragraph B of the draft notification a list of these excepted tracts, regarding which I submit the following remarks:

4. Ganjam. The Collector thinks that free transport must for the present be entirely stopped throughout the

District. I concur

5. Vizagapatnam. I enclose copies

(in two cases originals to be returned) of
to Collector No 9038 dated September 3, 1885

(Circular) From - do - No 1298 dated September 22, 1885
(original)

To - do - No 10138 dated October 3, 1885

From - do - No 1473 dated November 2, 1885 (original)

marginally noted correspondence which has passed between the Collector and myself on the subject. Since this correspondence passed, the Act has been amended so as to enable Government to prohibit all transport of liquor from one local area into another, but I remain of opinion that in tracts where there is reason to believe that smuggling is common it is essential to have a belt along the frontier of the tract into which smuggling takes place, and within it, within the limits of which belt the legal prohibition of transport (and possession without permit (or license), shall not be relaxed. If not, we shall never be able to obtain the conviction of a smuggler unless he is either caught while actually crossing the boundary, or unless the spirits seized in his possession are so completely different in character from the spirits made (or sold) in the tract into which the smuggling has taken place that one can positively say that they must have been smuggled.

Smuggled. It is needless to say that it must be very rarely that a man can be caught in the act of crossing a frontier, and that convictions based on differences in the description and quality of articles of which European Magistrates are no judges, and which no native Magistrate will taste, will be very difficult indeed to obtain and will always be open to more or less doubt. If however the legal prohibition of transport (and possession) without permit (or licence) is maintained within a certain distance of the frontiers between differing systems of alkari management, the preventive officers will have for more chance of success, and, in my opinion, will soon be able to put down smuggling, if detected cases are suitably punished by the Magistrate. I cannot admit the Collector's argument that the detection of smuggled liquor all over a Taluk must of necessity be far more advantageous to the revenue than detection confined to one part of it. I feel sure that such detection will be most difficult and will, by itself, be a most inadequate protection. I do not however abandon detection all over a Taluk because I stop all transport in one part of it (Vide my remark in the margin of para 3 of the Collector's letter No. 1473).

As to his argument that the Magistrate would infer guilt from the proved actions of the accused, they to differ from him. No doubt they should do so, and perhaps they do so in cases of ordinary crime; but if one may judge from one's experience of the action of the Nagapalam Magistrate in salt cases, they will not do so, when the offence charged is not a crime per se, but an offence against a fiscal law.

6. Tellur. I enclose the Collector's letter No. 6036 dated November 20, 1885 (in original and to be returned). I do not think it will be necessary to maintain the legal restriction throughout the whole of the frontier Taluks and have asked the Collector to send me a list of villages which, or parts of which, are within 5 miles of the frontier. Pending his reply, the law cannot be relaxed in any part of the Taluks in question.

7. Cuddapah. I enclose the Collector's letter No. 3424. December, 14, 1885 (in original and to be returned). I think a belt in which transport shall not be allowed must be maintained along the frontier towards Cumbum and Mysore. I do not think it at.

at all follows that there is no smuggling because little or none has been detected hitherto, when there has been no look-out kept for it.

8. Anantapur. I enclose the marginally noted letters from the collector. I have asked him for a list of villages to be included in a belt along the frontier. Pending his reply, I propose not to relax the law in the frontier Taluk.

From Collector No 2835 dated November 30, 1885, 78 dated January 13, 1886 and 138 dated January 20, 1886. (in original & the returned)

marginally noted letters from the collector. I have asked him for a list of villages to be included in a belt along the frontier. Pending his reply, I propose not to relax the law in the frontier Taluk.

9. Bellary & Kurnool. I have followed the Collector's proposals as to the frontier villages in which the law should not be relaxed.

10. Chingleput. The villages named constitute a three mile belt round the Madras Town Akari limits, within which the Collector of Madras agrees with me that the law should not be relaxed.

11. South Arcot.

From Collector No 108 dated September 13, 1885 (in original and the returned). To - do - No 10227 dated October 1, 1885 (copy).

I enclose the marginally noted papers. I have consulted Messrs Parry & Co. on the subject and am quite clear that the maintenance of the legal restrictions on the transport and possession of country spirits is imperatively necessary within 5 miles of the Pondicherry frontier. Arrangements will

will be made for the easy obtaining of permits in the town of Cuddalore.

12. Tanjore. I enclose the marginally noted papers. It is essential to guard the Pudukottah as well as the Karikal frontier.

From Collector No 319 dated October 30, 1885 (in original and the returned). To - do - No 11479 dated November 7, 1885 (copy).

It is essential to guard the Pudukottah as well as the Karikal frontier.

13. Tiruchinopoly. The collector concurs in the establishment of a belt on the Pudukottah Frontier.

14. Madurai. I enclose the marginally noted papers. Pending the Collector's reply, I propose not to relax the law in the Tiruchinopoly Frontier.

From Collector No 1813 dated September 13, 1885 (original). To - do - No 9777 dated September 24, 1885 (copy). From - do - No 2047 dated October 14, 1885, and No 2445 dated November 24, 1885 (in original). To - do - No 2133 dated February 13, 1886 (copy) & the returned.

Noted papers. Pending the Collector's reply, I propose not to relax the law in the Tiruchinopoly Frontier. Specified in the draft Notification.

15. Tirumirully. The draft notification accords with the Collector's proposals. I have however asked him for a list of villages included in a five mile belt along the frontier, as in other cases, so that the law may be relaxed in the remainder of the Taluk specified in the draft notification.

16. Coimbatore. Smuggling from Cochin and Malabar was long ago complained of (vide Board's Proceedings No 1018 dated March, 27, 1885). I enclose ^{the} marginally

notes papers. The villages entered in the draft notification are within the five mile limit only.

17. Salem. The Collector agrees that the law cannot be relaxed in frontier tracts.

18. Malabar. The necessity of maintaining the legal restrictions in the Cochin Taluk will be apparent.

19. I also enclose a draft notification under the proviso to Section 18 of the Akkai Act declaring that permits for transport of foreign liquor shall not be dispensed with in certain tracts, namely in the villages round Pondicherry and Elankal named in the previous notification as villages in which the sale of country liquor should not be relaxed and in certain armsheds round Malabar. The restriction

restriction of the free transport of foreign liquor in these localities is in my opinion very necessary.
