In accordance with the instructions
contained in para 11 of G.O. No 1329
dated 30 November 1885, I have the honor to
send a plan and estimate of the cost of
transforming the Leinchona Laboratory
into an Herbarium.

2. Mr. Dragg the Sub Engineer of the P.W.
Department has been good enough to draw
up the estimate, which amounts to Rs 1600.,
but he thinks that owing to a great deal
of the material, which will be needed being
obtainable in the Gardens or from the
Leinchona Plantation and to its being
possible to carry out the works with
Garden Labour, the actual cost will
be much less than that, which he has

named

named. Mr. Bragg is not however able
to say how great a reduction on his estimate
ought to be made. I therefore request
that \$5000 may be placed at my
disposal.

I have the honor to be

Yours most obedient servant
