To
The Secretary to Government
Revenue Department
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of C. O. No. 1390 dated the 4th March 1887, Revenue, enclosing an extract from the bi monthly return of stores from the Director General of stores for India, in which it is said that the indent for Glycerine and Hydrochloric acid has not yet been complied with; and I have the honor to point out, that, I shall be able to make no febrifuge until I get these two articles.

2. The Turbine and the Disintegrator have arrived, and are now being put up, and in the course of a few weeks, I hope to have a sufficiency of powdered bark to work upon

upon; so that, I hope the Glycerine
and Hydrochloric acid may be sent
to me, from one quarter or another, as soon as
possible.

I have the honor to be
Sir,
your most obedient servant

a 13-12-86 No 1085-

For orders

The indent for Glycerine
Hydrochloric acid. was
despatched on Dec. 29th 1885
and was received in London
on Jan. 17th.

The sanction for complying
with it had not been ac-
corded on Feb. 11th.

It has probably since been
given and probably the
materials will arrive shortly.
It scarcely seems necessary
to telegraph to the Secy to
State.

If it is considered necessary
to begin the work at once
some Glycerine Hydrochloric
acid might be procured
locally. under the 2nd of
the conditions in para.
3. of Govt. of India Resol-
ution in G.O. Feb. 6. 190.
d. 31.1.83.

It might also be obtained
from the Supt. Medical
Stores thro' the Military
Dept.

G. L. V.

19.3.

It would probably be desirable to borrow
from the Medical Stores for immediate
use returning when the stock indicated
to from England is received which
it probably will be in another month
or two. Telegraphing to the Secy to State
is not known as this is always slow
