Revenue DEPARTMENT.

G.O. No.	3326	~~Press~~ Mis.
Dated	8-6-	1887.

Not to be folded or roughly handled

Madras, 1st June, 1887.

The Secretary to Government,
Revenue Department,
Cotacamund.

Sir,

Referring to G. O. N^o 1111, Revenue,
we have the honor to request that we may be
furnished with such information as may now be in
the possession of Government in regard to the effects of
manuring Cinchonae, as shown by the results of the
experiments undertaken by the Government Botanist
and Director of Cinchona Plantations, whose views
upon such results we shall be glad to learn.

We may point out that the value of
information of the above nature is of more benefit the
earlier it is communicated, and as we observe the first
harvesting of the manured plots was to have taken
place in April last, we assume the requisite
analyses ^{have} been made, and the results communicated to
Government on this.

We have the honor to be,
Sir,
Your most obedient Servants,
W. H. J.
