GOVT. OF MADRAS
15 JUL 87
REVENUE DEPARTMENT

Madras 12th July 1887.

X

The Chief Secretary to Government,
Revenue Department,
Ootacammund.

Sir,

We have the honor to invite your early attention to our letter of 28th ultimo and to our two letters of 1st instant.

We may be permitted to remark that as one of the avowed objects of the Government in keeping up their Cinchona Plantations is the benefit that accrues to growers of Cinchona from the observations and experiments made in connection therewith by the officials in charge, that object would be better fulfilled were the Report of the season's operations ending on March made available before November of the next season; and as an instance we would add that for all we know to the contrary information that may now be in possession of the Director of the Government Plantations, based upon the working of last season

season, that if communicated (as is soon after the end of the season might be useful to us as very large growers of Cinchona, may not be of utility (ie. not applicable to the cultivation we have in hand) until next season if its communication be much longer delayed.

We have the honor to be,
Sir,
Your most obedient Servants,
