GOVT. OF T. NADU
25 JUL 87
REVENUE DEPARTMENT

Madras 21st July 1887. 13

The Secretary to Government,
Revenue Department,
Ootacammund

Sir,

We have the honor to acknowledge Government Order No 4080 of 13th instant; and we may point out that it only reached us this morning.

We note that the report of the Government Quinologist regarding the results of different manures on Cinchona trees will be communicated to us at an early date.

We further note that the Report on the Cinchona plantations for 1886/87 has just been received, and will be received by Government very shortly.

On a former occasion Government have very courteously directed copies of the Report and Proceedings thereon to be furnished to us. We have not of course the least objection to paying the usual cost of same, but it would save time and be a convenience to us if Government could see their way to continue forwarding us direct a copy of this particular document, and also of any other Government orders bearing upon the cultivation of Estate products generally. We may urge that we are the owners of numerous & large Coffee and Cinchona

Estates

Estates and Agents watch all matters connected
with the cultivation of these and other products.

May we be permitted to point out the delay
that has occurred in furnishing Government with
the Report on the Cinchona plantations for the
season that ended nearly four months ago?

It would be a gratification also to
know that it will be received in a considerably
less time by Government, so that the information
therein may as early as possible be available
to planters.

We have the honor to be,
Sir,
Your most obed.t Servants

Note.— Please 470-C Public Dept. of 15th Mar. 1886. To send copies of the Report—and other Reports & papers— direct to persons interested in them would throw much unnecessary addl work on our despatchers.
