Order—dated 26th September 1887, No. 932, Revenue.

Miscellaneous.

Recorded.

2. The figures reported for the several districts differ very considerably. The Government consider that the Board should issue instructions to Collectors regarding the preparation of the return on a uniform principle if this has not been done already.

(True Extract.)

(Signed) J. F. PRICE,
Ag. Secretary to Government.

To the Commissioner of Revenue Settlement, Land Records and Agriculture.

Resolution—dated 12th November 1887, No. 441.

Communicated to all Collectors for information, in continuation of Board's Proceedings, dated 9th and 28th June 1887, Nos. 135 and 178.

2. As directed in these Proceedings, the wages should show the average amount earned by each class of laborers during a month and should be calculated separately for towns and for rural tracts. The wages to be shown are those earned by adult males, not those earned by women and children. Payments made in kind, together with any perquisites allowed, should be taken into account and their money value added to the wages. Payments for extra work as well as gifts should be excluded.

3. Under the head of towns, the rates prevailing at the head-quarter station of the district as well as in Municipal towns should be shown. The rates prevailing at taluk stations other than such towns should be shown against rural tracts.
