10TH JANUARY 1887, No. 9, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following letter from W. R. LAWRENCE, Esq., C.S., Under Secretary to the Government of India, Revenue and Agricultural Department (Forests), to the Secretary to the Government of Madras, Revenue Department, dated Calcutta, 28th December 1886, No. 1120 F. :—

I am directed to acknowledge the receipt of your letter, No. 813, dated the 21st September last, pointing out that, as all unreserved *lands* in the Madras Presidency are under the control of the Land-revenue officers (the forest produce of such lands being alone under the supervision of the Forest Department), the adoption of the principle suggested in paragraph 4 of the letter from the Home Department, No. 152 F., dated the 23rd February 1886 (*viz.*, that all revenue derived from unreserved lands, the control of which is vested in the Forest Department, be credited to "Forests"), would necessitate the crediting to "Land revenue" of a considerable amount of revenue which, in the opinion of His Excellency the Governor in Council, may fairly be claimed by the Forest Department, since it is the officers of that department who exercise the necessary supervision, although they neither collect the revenue nor exercise control over the lands in question.

2. In reply, I am to explain that the meaning intended to be conveyed by the Government of India in paragraph 4 of the letter of the 23rd February last, above quoted, was that all revenue derived from forest produce on unreserved lands, *and over which produce the Forest Department exercises supervision*, should be credited to "Forests." As this intention is in consonance with the views of His Excellency the Governor in Council, there appears to be in effect no difference of opinion on the subject between the Government of India and that of Madras.

 (Forests.)

SIR,

Calcutta, the 2nd December 1886.

I am to acknowledge the
 receipt of your letter of 2nd 1886 dated the 21st
 September last pointing out that, as all un-
 reserved lands in the Madras Presidency
 are under the control of the Land Revenue
 Officers (the forest produce of such lands being
 alone under the supervision of the Forest De-
 partment), the adoption of the principle suggested
 in paragraph 1 of the letter from the Home
 Department A-152 F. dated the 23rd February
 1886 - (viz. that all revenue derived from un-
 reserved lands the control of which is vested in
 the

the Forest Department be credited to "Forests"—
would necessitate the crediting to "Land Revenue"
of a considerable amount of revenue which, in
the opinion of His Excellency the Governor in
Council, may fairly be claimed by the Forest
Department, since it is the Officers of that De-
partment who exercise the necessary supervision,
although they neither collect the revenues nor
exercise control over the lands in question.

2. In reply I am to explain that the
meaning intended to be conveyed by the
Government of India in paragraph 4 of the
letter of the 23rd February last, above quoted,
was that all revenue derived from forest
produce on unreserved lands, and over which
produce the Forest Department exercises super-
vision, should be credited to "Forests". As this
intention is in consonance with the views of
His Excellency the Governor in Council, there
appears to be in effect no difference of opinion
on the subject between the Government of

India.

India and that of Madras.

Sir,

Yours most obedient servant,
