Public Works Department Circular No. 60 P.W., dated 26th October 1877.
Government of India Resolution No. 224 R.S., dated 8th July 1887.

RESOLUTION.—The Government of India Resolution No. 224 R.S., dated 8th July 1887, read above, directs the circulation of half-yearly lists of surplus stores prepared by Guaranteed and State Railways. But as lists of surplus stores in the Buildings and Roads and Irrigation Branches of the Public Works Department do not appear to be circulated, the Government of India is pleased to order that Local Governments and Administrations should print lists of surplus stores in those branches once a year, and circulate them to other Local Governments and State and Guaranteed Railways. The lists should be prepared separately for the Buildings and Roads, Irrigation, and Railway Branches.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.

No. 70 C.

Referred to the Superintending Engineer, V Circle, for favor of remarks with respect to the practice in this Presidency.

(By Order.)

(Signed) W. L. C. BADDELEY, Captain, R.E.,
Under-Secy. to Govt., P.W.D.

7th January 1888.

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Bangalore, 1st June 1888, No. 902.

In returning your endorsement No. 70 C., dated 7th January 1888, I have the honor to state that the practice in the Presidency Public Works Stores has been to class as surplus stores, in view of reducing the stock balance to the sanctioned reserve limit of Rs. 1,50,000, all excesses over anticipated requirements of items of stock, and also all such articles of which no issue has been made for the past three years. The same procedure is observed as regards instruments, tools and machinery.

2. Lists of such surplus articles have not been hitherto printed and circulated periodically. If this course is to be adopted in future, the General Superintendent, Public Works Stores, might obtain from Superintending Engineers lists of surplus stores in the circles, and include the articles in his general list for the Presidency under the several heads in question. The General Superintendent reports that a list of surplus stores was printed and circulated in April 1886, and that a revised list is being printed now.

Order—dated 14th June 1888, No. 1762 W., Public Works.

Printed lists of surplus Public Works stores in this Presidency will, in future, be circulated in the manner ordered by the Government of India.

2. The General Superintendent, Public Works Stores, will, as suggested by the Superintending Engineer, V Circle, obtain from Superintending Engineers lists of surplus stores in the several circles, and will compile a consolidated list for the whole Presidency, the stores being arranged under the various service heads to which they relate. The list should be prepared yearly and printed, and twenty-five copies should be forwarded by the Superintending Engineer, V Circle, to Government for circulation.

3. Steps should at once be taken to compile a list for the year ending 30th June 1888. In future, the lists will be made for the official year.
