Read—the following paper :—

From R. B. BUCKLEY, Esq., Under-Secretary to the Government of India, Public Works Department (Civil Works—Telegraph), to the Director-General of Telegraphs, dated Simla, 13th July 1888, No. 163 T.

With reference to previous correspondence on the subject of registered abbreviated telegraphic addresses, ending with your letter No. 464 T., dated the 30th November 1887, I am directed to inform you that the Secretary of State for India has invited the attention of the Government of India to the desirability of reducing the number of registered addresses for officials at the India Office and other branches of Her Majesty's Government in England, and that His Excellency the Governor-General in Council is accordingly pleased, with the concurrence of the Secretary of State, to direct that the addresses noted on the margin, which have been duly registered in England, shall in future be exclusively used for all State messages addressed to the departments concerned.

Repinget.—Secretary of State for India.
Vacearum.—From Viceroy, to Secretary of State for India.
Vacerram.—From Government of Bombay, to Secretary of State for India.
Vaetvior.—From Government of Madras, to Secretary of State for India.
Replaudo.—Secretary of State for War.
Delegavi.—His Royal Highness the Field Marshall Commanding-in-Chief.
Spumamus.—Director of Transports at the Admiralty.
Pejerata.—Postmaster-General, Great Britain.

2. It has been decided that the Secretary of State for India shall alone be addressed in connection with all telegrams intended for the India Office, whether they be meant for the Secretary of State himself, or for any other official at that office, and the first four addresses quoted on the margin have accordingly been registered for adoption in all such messages in future. In like manner the two next addresses have been prescribed for adoption in the case of telegrams intended for the War Office, while the two last quoted will be used for messages to the two officials named.

3. I am to add that it has further been arranged, in communication with the Secretary of State for India, that the registered address "Chief, London," should be retained for messages which may be intended specially for the Commander-in-Chief's Department (His Royal Highness and Military Secretary).

4. Telegrams which might be misunderstood if simply addressed to the Secretary of State, and which are really intended for particular officials in the India Office, or elsewhere, should have the name, or code symbol, of the official, entered as the first word in the body of the message, thus, the following message :—

Vaccarum, Saniosum, Seponunt, Excursos. Yes—

Would be read :—

From—Viceroy,
To—Secretary of State for India.

Director-General of Stores, India Office. Your telegram, 1st October last—Yes.

It will of course be understood that the name of the official concerned will only be used when there is a possibility of the message being misunderstood without it.

5. The new list of addresses will take effect from the 1st August next, and I am accordingly to request that steps may be taken for the early issue of an addendum to the word code for Foreign State telegrams, which should be furnished to all departments of the Government of India, the Local Governments concerned, and all officials to whom the code has been supplied.
