GOVERNMENT OF MADRAS

PUBLIC WORKS DEPARTMENT

Buildings and Roads
Civil Works

Read—the following paper —

From Major R R E DRAKE-BROCKMAN, R E, Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 7th July 1888, No 284 E W

Adverting to G O No 1610 W, of 4th ultimo, I have the honor to forward, for sanction and provision of funds, an estimate, amounting to Rs 24,807, for renewing and maintaining the Calicut-Vayitri road, together with a report and specification

2 In para 5 of this office letter No 131 E W, of 15th March 1887, a sum of Rs 15,650* annually or Rs 46,950 for three years was proposed for maintenance of this portion of 39 miles of the road during construction, and sanctioned in G O No 950 W, of 30th March 1887 The amount spent on repairs is as follows —

	Rs
1885 86	9,584
1886-87	12 124
1887-88	16 534
1888-89 up to May	8,062
	46,304

* 31 miles, at Rs 350	Rs = 10,850
8 Do. at ,, 600	= 4,800
	15,650

3 The Assistant Engineer, who has been in charge of the road repairs for several months, thinks upon experience that the above allotment based upon rates of Rs 350 and 600 per mile was made as an approximate charge, and he has divided the road into four sections, as will be seen in the accompanying estimate, and fixed mileage rates to each of them, varying from Rs 435 to 1,123, on the data he has, from time to time, collected for renewing and maintaining the road, and for monsoon repairs to six inspection sheds for the current year

4 The report explains fully the necessity of dividing the road into sections and for the high rates of mileage

5 A duplicate abstract estimate is also herewith sent.

Order—dated 14th August 1888, No 2467 W, Public Works

The estimate, amounting to Rs 24,807, for renewing and maintaining the Calicut-Vayitri road, is sanctioned

2467
2

2 As funds are not available with the Government, the Superintending Engineer will propose a re-appropriation from the grants for other works in the Circle

3 This sanction has been registered as Provincial No 64 W of 1888-89 and classified as Communications, Repairs

AUGUST.

Calicut-Vayitri Road

Estimate for renewing and maintaining the—, sanctioned.

No 284
Pur

Supdg Engineer's Office, IV Circle,
Coimbatore, 7th July 1888.

From 2467/W

Major R. R. E. Drake-Brockman R.E.,
Superintending Engineer,
Fourth Circle.

To

The Chief Engineer,
P. W. Department.

Sir,

Adverting to my C. No. 1610/W of 4th ultimo, I have the honor to forward for sanction and procession of funds, an estimate amounting to Rs 24,804 for renewing and maintaining the Calicut Vayitre road, together with a report and specification.

2 On para 5 of this office letter No 1312 W of 15th March 1887, a sum of Rs 15,650 annually for Rs 46,950 for three years was proposed for maintenance of the portion of 30 miles of the road during construction, and sanctioned in G.O. No 950 W. of 30th March 1887. The amount spent on repairs is as follows:—

1885-86	——	Rs 9,588
1886-87	——	" 12,124
1887-88	——	" 16,054
1888-89 up to may	"	9062
		46304

* 31 Miles at Rs 350 = 10850
8 Do at Rs 600 = 4800
15650

Current No 2094

Letter No 284 E.W

Dated 7th July 1888

From the Supg Engr IV Circle

Note of Remarks.

The estimate under review amounting to Rs 24,807 provides for renewing and maintaining the Calicut Vayitri road.

The estimate is divided as follows –

Renewal of the Calicut Vayitri road	Rs 14,346
— do — at Tamrachari Ghat	" 3559
Repairs at — do —	" 5,888
Inspection Shed at Karandoor	" 132
— do — at Tunnakatt	" 64
— do — at Tamracheri	" 130
— do — at Pudupadi	" 106
— do — at Vedivaram	" 96
— do — at Lakkidy	" 106
Repairs Vayitri Tiru[?] Shed	" 100
— do — Supervisors Lodge	" 200
— do — Sub Overseer do	80
Total	Rs 24,807

4 6 8 88

It is explained in the report that the road is divided into 4 Sections each requiring different treatment.

No 1 Section - Irregularities and ruts to be filled in with broken metal and screened gravel to ½ in thickness.

No 2 Section - Being in bad order is to be macadamized with broken metal - Some difficulty is anticipated in blasting it - in order to get proper Thickness 6 inches -

No 3 Section, Embankment Cutting, Side drains & Culverts - This section is to have a 4 inch layer of metal laid on it & to be gravelled in the ordinary manner, and for Renewal and repairs metal, and the other for Repairs & Maintenance

No 3 Section on the road of the road is simply

2467/L

repairs such as filling in ruts & pot holes and clearing ditches, culverts, and water drains -

The traffic on this road is stated to be very heavy -

The Schedule for the Tarpitti Estate gives rates for No 1 Section of this road which agree with the items in the Est: for Scarifying and Collection of Gravel, but higher rates are given in the Est: for the other Sections

The rates cannot be checked for want of data in the Calcut Schedule - the Comp: item 71 No 410 is presented for the Est: for Superintendence which is at the rate of Rs 30 per annum for 4 months, and the for each Rs 8 charged for Contingencies -
