GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From Brigadier-General M. C. FARRINGTON, C.B., Adjutant-General, to the Secretary to Government, Military Department, dated Ootacamund, 6th July 1888, No. 2067.

I have the honor, by desire of the Commander-in-Chief, to forward, for the information of Government, letter No. 816, dated 15th ultimo, from the Superintendent of Pensions, submitting a report regarding the employment of pensioned soldiers of the Madras Army in civil capacities for the period between October 1887 and March 1888, and to say that His Excellency considers the report a satisfactory one, showing an increase still maintained in the employment of pensioners and the scheme to be working well generally.

2. I am to request that the report now submitted may be printed and circulated in the Public Department; His Excellency proposes, as before, to send a copy to the Madras Press.

ENCLOSURES.

From Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, to the Adjutant-General, Ootacamund, dated Fort St. George, 15th June 1888, No. 816.

I have the honor to forward, for the information of His Excellency the Commander-in-Chief, a report and return regarding the employment, in Civil capacities, of pensioners of the Madras Native Army.

REPORT by Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, on the employment of pensioners of the Madras Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Sir Frederick Roberts, Bart, K.C.B., late Commander-in Chief, Madras Army.

The report, dated the 12th January 1888, after the scheme had been in work for two years and nine months, showed 2,073 pensioners remained in employment on the 30th September 1887, under the new conditions.

2. Between October 1887 and March 1888, a period of six months, employment has been found for 551 pensioners, which, added to the 2,073 employed pensioners above alluded to, gives a total of 2,624 pensioners.

3. Of this number (2,624), 205 are reported as having voluntarily resigned employment, 7 died, and 10 are reported as having been dismissed for negligence of duty, disobedience of orders, &c., leaving, thus, on the 31st March 1888, a total number of 2,402 pensioners employed under the new conditions.

4. The scheme has now been on trial for three years and a quarter, during which time there has not only been a steady increase in the number of men employed, but the Superintendent has noted, with much satisfaction, that, of late, the services of many pensioners have been applied for, for positions of trust carrying salaries above the average, from which it may be, with reason, inferred that mercantile firms and the public generally have begun to appreciate the value of the services of these men, while the publicity, kindly given by the press to the half-yearly reports, has no doubt largely contributed to the general success of the working of the scheme.

5. Registers of pensioners employed and desirous of employment have been opened at the different Pension Offices throughout the Presidency. A complete set of forms and monthly returns in connection with the employment have been drawn up by the Superintendent, and a strict and careful check is thus kept on the working of the scheme.

6. Officers in charge of pensioners have been directed, not only to give every assistance in their power to deserving men seeking work, but also to assist applicants for the services of pensioners in obtaining men suitable for the employment offered.

7. Of the 1,092 pensioners, who remained in employment on the 30th September 1887 (*vide* last report), which employment they had found for themselves prior to the introduction of the new conditions, only 1,053 remained in employment on the 31st March 1888, showing thus a decrease of 39 since last report, and which number is accounted for as follows:—

Voluntarily resigned	29
Dismissed	4
Died	6
Total ..	39

Thus the number of pensioners employed on the 31st March 1888 stood as follows:—

Pensioners employed under the new conditions	2,402
Do. do. prior to the introduction of the scheme ..	1,053
Total ..	3,455

As stated in the previous report, application for pensioners should be made to the different officers in charge of pensioners, of whom there is one in all the chief towns in the Presidency—*vide* pages 176-a and 177, Madras Quarterly Army list, and any particular information on the subject will, on application, be supplied by the Superintendent of Pensions, Fort St. George.

Employment of Pensioned Soldiers of the Madras Army.

Communicating to all Heads of Departments report on the — in civil capacities between October 1887 and March 1888.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From Brigadier-General M. C. FARRINGTON, C.B., Adjutant-General, to the Secretary to Government, Military Department, dated Ootacamund, 6th July 1888, No. 2067.

I have the honor, by desire of the Commander-in-Chief, to forward, for the information of Government, letter No. 816, dated 15th ultimo, from the Superintendent of Pensions, submitting a report regarding the employment of pensioned soldiers of the Madras Army in civil capacities for the period between October 1887 and March 1888, and to say that His Excellency considers the report a satisfactory one, showing an increase still maintained in the employment of pensioners and the scheme to be working well generally.

2. I am to request that the report now submitted may be printed and circulated in the Public Department; His Excellency proposes, as before, to send a copy to the Madras Press.

ENCLOSURES.

From Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, to the Adjutant-General, Ootacamund, dated Fort St. George, 15th June 1888, No. 816.

I have the honor to forward, for the information of His Excellency the Commander-in-Chief, a report and return regarding the employment, in Civil capacities, of pensioners of the Madras Native Army.

REPORT by Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, on the employment of pensioners of the Madras Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Sir Frederick Roberts, Bart, K.C.B., late Commander-in Chief, Madras Army.

The report, dated the 12th January 1888, after the scheme had been in work for two years and nine months, showed 2,073 pensioners remained in employment on the 30th September 1887, under the new conditions.

2. Between October 1887 and March 1888, a period of six months, employment has been found for 551 pensioners, which, added to the 2,073 employed pensioners above alluded to, gives a total of 2,624 pensioners.

3. Of this number (2,624), 205 are reported as having voluntarily resigned employment, 7 died, and 10 are reported as having been dismissed for negligence of duty, disobedience of orders, &c., leaving, thus, on the 31st March 1888, a total number of 2,402 pensioners employed under the new conditions.

4. The scheme has now been on trial for three years and a quarter, during which time there has not only been a steady increase in the number of men employed, but the Superintendent has noted, with much satisfaction, that, of late, the services of many pensioners have been applied for, for positions of trust carrying salaries above the average, from which it may be, with reason, inferred that mercantile firms and the public generally have begun to appreciate the value of the services of these men, while the publicity, kindly given by the press to the half-yearly reports, has no doubt largely contributed to the general success of the working of the scheme.

5. Registers of pensioners employed and desirous of employment have been opened at the different Pension Offices throughout the Presidency. A complete set of forms and monthly returns in connection with the employment have been drawn up by the Superintendent, and a strict and careful check is thus kept on the working of the scheme.

6. Officers in charge of pensioners have been directed, not only to give every assistance in their power to deserving men seeking work, but also to assist applicants for the services of pensioners in obtaining men suitable for the employment offered.

7. Of the 1,092 pensioners, who remained in employment on the 30th September 1887 (*vide* last report), which employment they had found for themselves prior to the introduction of the new conditions, only 1,053 remained in employment on the 31st March 1888, showing thus a decrease of 39 since last report, and which number is accounted for as follows:—

Voluntarily resigned	29
Dismissed	4
Died	6
Total ..	39

Thus the number of pensioners employed on the 31st March 1888 stood as follows:—

Pensioners employed under the new conditions	2,402
Do. do. prior to the introduction of the scheme ..	1,053
Total ..	3,455

As stated in the previous report, application for pensioners should be made to the different officers in charge of pensioners, of whom there is one in all the chief towns in the Presidency—*vide* pages 176-a and 177, Madras Quarterly Army list, and any particular information on the subject will, on application, be supplied by the Superintendent of Pensions, Fort St. George.

ENCLOSURES.

From Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, to the Adjutant-General, Ootacamund, dated Fort St. George, 15th June 1888, No. 816.

I have the honor to forward, for the information of His Excellency the Commander-in-Chief, a report and return regarding the employment, in Civil capacities, of pensioners of the Madras Native Army.

REPORT by Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, on the employment of pensioners of the Madras Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Sir Frederick Roberts, Bart, K.C.B., late Commander-in Chief, Madras Army.

The report, dated the 12th January 1888, after the scheme had been in work for two years and nine months, showed 2,073 pensioners remained in employment on the 30th September 1887, under the new conditions.

2. Between October 1887 and March 1888, a period of six months, employment has been found for 551 pensioners, which, added to the 2,073 employed pensioners above alluded to, gives a total of 2,624 pensioners.

Employment of Pensioned Soldiers of the Madras Army.

Communicating to all Heads of Departments report on the — in civil capacities between October 1887 and March 1888.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From Brigadier-General M. C. FARRINGTON, C.B., Adjutant-General, to the Secretary to Government, Military Department, dated Ootacamund, 6th July 1888, No. 2067.

I have the honor, by desire of the Commander-in-Chief, to forward, for the information of Government, letter No. 816, dated 15th ultimo, from the Superintendent of Pensions, submitting a report regarding the employment of pensioned soldiers of the Madras Army in civil capacities for the period between October 1887 and March 1888, and to say that His Excellency considers the report a satisfactory one, showing an increase still maintained in the employment of pensioners and the scheme to be working well generally.

2. I am to request that the report now submitted may be printed and circulated in the Public Department; His Excellency proposes, as before, to send a copy to the Madras Press.

ENCLOSURES.

From Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, to the Adjutant-General, Ootacamund, dated Fort St. George, 15th June 1888, No. 816.

I have the honor to forward, for the information of His Excellency the Commander-in-Chief, a report and return regarding the employment, in Civil capacities, of pensioners of the Madras Native Army.

REPORT by Lieutenant-Colonel S. LEIGH HUNT, Superintendent of Pensions, on the employment of pensioners of the Madras Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Sir Frederick Roberts, Bart, K.C.B., late Commander-in Chief, Madras Army.

The report, dated the 12th January 1888, after the scheme had been in work for two years and nine months, showed 2,073 pensioners remained in employment on the 30th September 1887, under the new conditions.

2. Between October 1887 and March 1888, a period of six months, employment has been found for 551 pensioners, which, added to the 2,073 employed pensioners above alluded to, gives a total of 2,624 pensioners.

3. Of this number (2,624), 205 are reported as having voluntarily resigned employment, 7 died, and 10 are reported as having been dismissed for negligence of duty, disobedience of orders, &c., leaving, thus, on the 31st March 1888, a total number of 2,402 pensioners employed under the new conditions.

4. The scheme has now been on trial for three years and a quarter, during which time there has not only been a steady increase in the number of men employed, but the Superintendent has noted, with much satisfaction, that, of late, the services of many pensioners have been applied for, for positions of trust carrying salaries above the average, from which it may be, with reason, inferred that mercantile firms and the public generally have begun to appreciate the value of the services of these men, while the publicity, kindly given by the press to the half-yearly reports, has no doubt largely contributed to the general success of the working of the scheme.
