11TH JUNE 1890, No. 426, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—again the following G.O., dated 6th February 1890, No. 890, Mis., Revenue:—
Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 18th December 1889, No. 897:—

MR. H. W. BLISS.

Read—the following G.O., dated 17th October 1889, No. 845, Revenue:—
Read—Proceedings of the Board of Revenue (Land Revenue), dated 15th May 1889, No. 323.

ABSTRACT.—Submitting, with remarks, to Government proposals of Collectors regarding the reorganization of their revenue establishments.

Order—dated 17th October 1889, No. 845, Revenue.

The Government agrees with the Board in considering that it will be better, in the first instance, to take up one class of improvement which is urgently needed in all districts, and that the most pressing want is the improvement of the staff of Revenue Inspectors. The necessities in this direction were sufficiently investigated in 1883 and 1884 and the numbers then

* G.O., dated 25th March 1885, No. 369. adopted by the Government were subsequently * reduced at the instance of the Government of India from 666 to 610 in order to bring down the cost of the scheme. The Government will now adopt the numbers and cost of this part of the scheme as then finally settled, and the Government of India will be requested in the Financial Department to give their sanction for its introduction from the beginning of the next official year. The necessary funds (Rs. 2,73,000) will be provided in the budget for 1890-91.

2. The Board will, in the meantime, be requested to prepare and submit a detailed statement showing the districtwise distribution of the total number of Revenue Inspectors as now adopted by Government.

3. The arrangement suggested by the Collector of Vizagapatam for the collection of inam quit-rents is, in the opinion of Government, worth trying. The Board will, therefore, work it out and submit the necessary proposition statement. The pay of the additional clerks should, the Government considers, be Rs. 15 and not Rs. 12 as proposed by the Collector. The establishment could be made temporary till it is seen how the plan works.

4. The Government defers passing orders on the other proposals submitted for its consideration.

„ the Accountant-General.

Resolution—dated 18th December 1889, No. 897.

Communicated to all Collectors.

2. A statement prepared in this office showing the present and proposed distribution of Revenue Inspectors for each taluk and district, together with certain other information, is herewith circulated. Collectors are requested to state whether they would recommend any other distribution of the number of Revenue Inspectors now allowed for their districts. If any redistribution between taluks is recommended, care must be taken that the number of First-grade Revenue Inspectors in any taluk affected is not allowed to exceed the number of second grade. No increase can be made of the total number now allowed for each district. An early reply should be submitted.

3. With reference to paragraph 3 of Government Order, the Collector of Vizagapatam is requested to report the amount of quit-rent and land-cess collected on minor inams and the commission deducted by the zemindars situated in zemindaris in his district in details of taluks and to submit a proposition statement showing the establishment he requires. He should also report in detail how it is proposed to work the scheme Mr. Turner suggested. If found successful in Vizagapatam, the scheme can be gradually extended to other zemindari districts.

Secretary.

Read—official memorandum from the Acting Under Secretary to Government, Revenue Department, dated 9th April 1890, No. 99 R.

ABSTRACT.—Requesting early reply to certain Government Orders regarding districtwar distribution of Revenue Inspectors, &c.

Resolution—dated 5th May 1890, No. 233.

With its Proceedings, dated 18th December last, the Board circulated to Collectors a statement showing how it was proposed to distribute the 610 Revenue Inspectors sanctioned by Government among the several taluks in the Presidency, and requested Collectors to report what alteration they wished to make in the distribution, taking care that the number of First-class Revenue Inspectors in a taluk was in no case to exceed the number of those of the second grade and that the total number allowed for each district was not exceeded.

2. The Collector of Madura has not replied to the Board's Proceedings. The Collector of North Arcot suggests that one of the three First-grade Revenue Inspectors allowed by the Board to the Chittoor taluk may be transferred to the Wandiwash

taluk, which he thinks should have six Revenue Inspectors if the range of each Inspector is not to be unwieldy. Chittoor is larger in size than the other taluks, but it includes 4 zemindaris and does not require more than 5 Revenue Inspectors. The Collector of Trichinopoly recommends that one of the three Second-class Revenue Inspectors proposed for the Trichinopoly taluk should be transferred to the Musiri taluk, which is a heavy and troublesome taluk of considerable size and where the average area and number of holdings in each Revenue Inspector's range are comparatively very large. This proposal conflicts with the rule that the number of First-class Revenue Inspectors in a taluk should in no case exceed that of the second class; but the Collector requests that an exception may be made in favor of the Trichinopoly taluk. The Collector of Coimbatore recommends that the number (5) of Revenue Inspectors allowed to the Palladam taluk should be reduced to 4 and that the fifth should be added to the Erode taluk, as the latter is the more important of the two and there is far more work there in consequence of its having a large irrigation channel and larger wet area and larger revenue. The Collector of South Canara proposes to assign the additional Revenue Inspector allotted for his district to the Mangalore taluk instead of to the Kásaragód taluk, which, though larger in size, is mainly covered with scrub jungle; and has comparatively a smaller population and a far smaller beriz. The Collector adds that, for these reasons, Mangalore was recently raised to the second class and Kásaragód reduced to the third class. The Collectors of the other districts accept the Board's distribution.

3. The Board considers that the suggestions of the Collectors of North Arcot, Trichinopoly, Coimbatore and South Canara may be approved with but one modification, i.e., that the number of First-grade Revenue Inspectors allowed for the Trichinopoly taluk be reduced to 2. The sanction of Government is solicited for making the following alterations in the statement appended to Board's Proceedings, dated 18th December 1889, No. 897:—

District.	Taluk.	FOR NUMBER OF REVENUE INSPECTORS				READ NUMBER OF REVENUE INSPECTORS				Difference.

	Total for the Presidency	256	316	610	22,815	255	347	610	22,840	- 5

4. The Collector of Kistna points out that the special Tirvajasti Inspectors sanctioned in G.O., dated 18th October 1889, No. 6737, have not been included in the Board's list. They were excluded as they have been entertained only temporarily. He also inquires whether the present unpassed Revenue Inspectors should remain on their present pay, and thinks that it is undesirable to raise their pay until they pass in Revenue and Survey, which some of them will probably never do. The Board agrees with the Collector in this view, and would suggest that such men should, if possible, be transferred on their present pay, their places being filled by more competent men. The Collector of Malabar points out that no provision has been made for peons for the additional Revenue Inspectors. No special provision is necessary. Collectors should arrange to give the necessary aid to the additional Revenue Inspectors from the existing staff of peons in the taluks.

5. Until the sanction of the Secretary of State is received for the present scheme and specific orders are issued by the Board, Collectors are informed that effect should not be given to it.

6. The Collector of Vizagapatam is requested to expedite the submission of the report called for in paragraph 3 of Board's Proceedings, dated 18th December 1889, No. 897, regarding arrangements to be made for the collection of quit-rents in zemindaris.
