Dated	<u>28. 1.</u>	<u>18 89.</u>

Not to be folded or roughly handled

28TH JANUARY 1889, No. 45, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following letter from M. A. LAWSON, Esq., Government Botanist and Director of Government Cinchona Plantations, &c., Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 12th January 1889, No. 77 :—

With reference to paragraph 4 of G.O., No. 811, dated the 22nd November 1888, Revenue, I have the honor to report that the sum of one rupee and rupees twelve per pound for the liquid and the dry febrifuges will not cover the cost of manufacture; so long as they are turned out in small quantities, as at present; but I hope that these sums will be sufficient when the febrifuges are made upon a larger scale. Meanwhile, I shall be glad if Government will give me directions, at an early date, as to whether or no I am, for future consignments, to charge a higher rate. If Government desire this, I would suggest that the prices be raised to Rs. 1-4-0 and Rs. 14 per pound, respectively.

2. With respect to the other point, viz., at what price the sulphate of quinine should be sold, I will report to Government on the subject so soon as the plant has been put up, and some quinine produced.

ORDER—dated 28th January 1889, No. 45, Revenue.

Miscellaneous.

In his letter, dated 29th November 1887, No. 69, Mr. Lawson stated that the rate of 12 rupees per pound for dry and 1 rupee per pound for liquid febrifuge would cover all the expenses of the Cinchona department. He now reports that this is not the case, and the prices must accordingly be raised to the amounts specified by him in the letter read above.

(True Extract.)

(Signed) C. A. GALTON,
Secretary to Government.

Revenue Department
Fort St George*

SIR,

*With reference to para 4 of
G.O. No. 811 dated the 23^d November 1888—
Revenue I have the honor to report
that the sum of one Rupee and Rupees
twelve paise per pound for the liquid and
the dry febrifuges will not cover the
cost of manufacture, so long as they
are turned out in small quantities,
as at present; but I hope that these
sums will be sufficient when the febrifuges
are made upon a larger scale. Meanwhile,
I shall be glad if Government will give
me directions, at an early date, as to whether
or no I am, for future consignments,
to charge a higher rate. If Government
desire this, I would suggest that the
prices be raised to Rs 1-4-0 and Rs 14-0-0
per pound, respectively.*

W. L.

With respect to the other point,
viz, at what price the Sulphate of
quinine should be sold, I will
report to Government on the subject,
so soon as the plant has been put
up, and some quinine produced.

I have the honor to be,

Sir

Your most obedt servant
