The Bd does not state how the rates proposed by them have been arrived at.

2. In the P. W. and Forest Dept, heat for "staff boats" is charged not with reference to the actual trips made but at a monthly rate which is fixed at a percentage on the cost of the boats; such rent being payable only during the season when boats can be used - vide G.O. of 28.1.39 No. 43. The same rule should be adopted in the case of all "staff boats" used

The proposals are not acceptable. Divisional Officers & Forest Officers in 2 Divns are in charge of both workshop and forming Depot boats. That these are not their exclusive duties, which does not appear to be the case in regard to their relief boats. Bd must furnish proposals by 15/10/39

REVENUE BOARD OFFICE MADRAS.

Proceedings of the Board of Revenue.
(Separate Revenue).
Dated 17th September 1889.
No. 3299, Mis.

READ again G.O. dated 25th February 1889, No. 1210, Revenue.

Resolution.

With reference to para 4 of the Resolution of the Government of India, communicated in the G.O. above again read, the Board beg to submit, for the approval of Government, the following scale of hire which they would propose to charge under Section 11, Rule 1, of the Civil Travelling Allowance Code, 1971 (4th Edn.) (now article 1022 (ii) of the Civil Service Regulations), for the use of Government boats the cost of the propulsion of which is paid by the Offices using them :—

Rs. 2 per diem.

The boat person used by the Deputy Commissioner Northern Division and the Masulipatam Asst. Commr.

Rs. 1-4 per diem.

The Inspectors of the Chirakkal and Negapatam Assistant Commissioners -

Re. 1 per diem.

The Nellore Assistant Commissioner Inspector -

12 annas per diem.

The Inspectors provided for the use of Inspectors in the Chingleput, Nellore and Ramnipatam Sub-Divisions

2. In Orissa, Cutters with Cabins are provided for the use of Officers on the numerous rivers and creeks which intersect the province. These boats being manned by Government, no hire will be charged for them, but Officers using them will be limited to Daily actual expenses not exceeding half their daily allowance, under article 1092 (i) of the Civil Service Regulations.

3. All the other boats belonging to the department are open boats with no living accommodation on board and are, with one exception, merely used for patrolling purposes in and near the Salt factories. The exception is a small undecked cargo boat in the Mookolam

3 5

Mookolam Canal which has been provided for the purpose of carrying salt to the fish curing yards and to enable the preventive officers to visit the islands off the Madura Coast where spontaneous salt sometimes forms. The Board do not think that any hire should be charged for any of these boats. In fact, in most cases the use of these boats is not considered as a journey on duty for which the Officer using them draws travelling allowances. They are mostly the means of moving about the factories and of crossing rivers and backwaters in the immediate neighbourhood thereof.

4. The above rates of hire should be charged for each day, or part of a day a boat is used for travelling, or as a residence during a halt in the course of a tour. Boats used by Officers should be returned at their expense to the places where they are kept.

5.

These proposals should, Board think, take effect from February 25, 1889, the date of the Government order (Pris No. 1210) Communicating the Resolution of the Government of India deal with the subject.

JG

Chio 1913.

As the Bd. recommended
exemption from payment
of hire, I thought that
when the boats (para. 3)
are used by Officers for
trips on duty, the expenses
of propulsion would be
borne by the Officers, and
accordingly suggested
that Whenever travelling
allowance is drawn, (the
Bd. has said that in
most cases no such
allowance is drawn) a
rent should be charged,
the rent being fixed not at
a monthly rate as in
the case of the 'staff boats'
but at a daily rate
as proposed by the Bd.
in the case of 'staff boats'
in para. 7. at however a much lower rate
But I have
since ascertained that
in regard to these boats
the entire cost

always borne by God.
The case will therefore
fall under clause (v) of
Art. 1092 of the C.S. Reg.
and travelling allowance
when drawn will be
regulated accordingly.

It is submitted that
the third para. of the
Orders may be cut out.
