Through Port St. George

Sir,

The Asst. General
Port St. George

Attached to the Boiler,

which was sent out to this Department
last Spring, there was a piece of
machinery intended to force water
into the boiler, while it was in
work; but which I was unable to
use; I therefore sent it down
to the Public Works workshops,
at Madras, and asked the authorities
there to show the Estate Black
Smith, who took it down,
how it was to be put up; but
they declared that the machinery
was useless; and this opinion
was more or less concurred

concurred in by Messrs Massey & Co.
to whom it was afterwards sent.

2. Under these circumstances,
the case being very urgent, I
bought a donkey engine from
Messrs Massey & Co. for Rs (187-4-0).
One hundred and eighty seven
and annas four only. This has
just been put up, and works well,
and I have now the honor to
request that you will obtain for
me the sanction of Government
for the payment of it.

3. The sum can be met from
the Quinologist's contingencies,
sanctioned viz by G. O. No 946 of
25 November 1889. Revenue - of
which there still remains -
unexpended Rs 5198-13-4.

I have the honor to be
