FORT ST. GEORGE,

To

THE Secretary to Government

Revenue Department.

SIR,

With reference to G.O. No. 1038 of 11th February 1890, I have the honor to state that I consider the suggestion of the Director of Government Cinchona Plantations to issue the Quinine made at Nadavattam in paper packets containing 5 grains each, a very good one. He seems however to have overlooked the cost of carriage, and, as each bundle of 100 packets will cost about 4 annas if sent by post, this will add very materially to the cost of the article. It is therefore suggested that supplies be sent in considerable quantities to the Collectors as transport will come cheaper in this way, and the bundles can thus be distributed to the various officials in the district by local agencies. I have also to recommend that to save expense the Quinine be issued direct from the
