To
The Secretary to Government
Revenue Department
Fort St. George.

Sir,

I have the honor to inform you that in accordance with G.O. N^o 812, dated 22nd November 1888, I have fulfilled my promise of building new quarters for the Penitentiary Hospital Assistants and completed the construction to the satisfaction of the Sub-Divisional Engineer. I shall therefore feel extremely obliged by Government giving the necessary instructions to the Superintendent of Prisons for the Town of Madras to the effect that the Hospital Assistants living in the old quarters on the site

assigned by Government for my
Choultry, he ordered to quit the same
and remove to the new quarters now
ready for them.

I have also the honor to state
that I have submitted the Plans of
my Choultry to the Municipal
Engineer, who has, after making
some slight alterations, approved
of the same.

As I have got a lot of
materials deposited on the site,
and the weather being favorable to
proceed with the work of construc-
tion, I shall feel extremely thank-
ful if the old quarters be vacated
as early as practicable.

P.S. For your
information I have the honor to be-
lieve to state that
I have submitted
the Plans of my Choultry to the
Collector of Madras
for his inspection and return.

Sir,
Your most Obedt. Servant

and for which Government sanctioned
a site in their Order No: 534 Rev.
dated the 6th August 1888. No reply
even was received to my last
reminder. I think the land should
be resumed and only re-granted
when Government is satisfied
with the plan should it ever be
submitted. If there were any
real earnestness about the work
a plan would soon be forthcoming.

Resolution:-

Submitted to Government.

In order

In its order of 22-11-88
no. 812 the Govt assigned
to Sir Sivalai Ramasami
Mudaliar a piece of
land opposite the Victoria
Public Hall, for the
construction of a
Choultry, subject to
certain conditions, two
of which were,

(1) that, as ^{on} a provision
of the land so assigned
certain quarters for
the Hospital Assistant
attached to the Madras
Penitentiary had ^{been}
~~been~~ built, he should
erect, on a site selected
for the purpose, a building
affording the same

accommodation as the
existing quarters.

(2) That the plan for the
the proposed choultry
should be submitted
for the approval of
Govt.

2. Sir Savalai Ramaswami
Mudliar

(1) reports that the
new quarters for the
hospital assistants have
been completed, to the
satisfaction of the
Sub-Divisional Engineer
(vide his letter in C. No.
2492) and of the
Consulting Architect
to Govt. (vide his letter in
C. No. 2598);

(2) requests that in-
structions may be
issued for the early
removal of the

23
must be careful not to give
on the land with the plan
an "rough" sketch of
passed by the for architect
as complete. The plan
extension is 6 1/2 ft. to the
water plan + shelter.
it is meant to be + will
fit the site determined
in the P. L. D. - be with
other a building like
like some being designed
S. S. R. is not satisfied
with the plan - It looks as if
it has copied from the old
plan in the P. L. D. S. S. R.
Book of 30 or 40 years
ago J. H. S.

I agree that the water elevation
is too hideous. The ground plan
I have no doubt convenient.
I think the Govt. might expect
Sir Savalai to obtain from
a statement that he is for
to adopt Mr. Jones' elevation.
There is probably no doubt about
the hospital assistants' quarters.
In fact we have seen it on a plan.
It is the ditto of the 'old building'
in every respect. Sir Savalai's
house fits in the whole matter
and will be suitable. He has given
his intention in writing.

23
Hospital assistants
to their new quarters,
and (3) submit plan
of the proposed choultry.

3. As he has not for-
warded the opinion
of either of the officers
who are stated to have
been satisfied with the
building it is submitted
that the papers may
be forwarded to the
P. L. D. for review to be for-
warded as to

whether the new quarters
satisfy the conditions
prescribed in para. 2

the Rev. G. O. of 22.11.88

1872.

When this report is
received orders about
operating the present
quarters should be
in the P. L. D. Dept.

C. Nos. 2248, 2492 & 2598

5. It is thought that the plan of the proposed choultry, which appears to have been approved by the President of the Madras Municipality should also be referred to the P.W.D. for favour of remarks.

P.H.
1894. I think it may be taken for granted that the statement of the plan of the new quarters has been approved by the Acting Architect in charge and that at present this point is hardly found; but the plan of the choultry has been referred to the P.W.D. and it is not as yet clear if it is the design to have a separate building for the choultry or if it is the original design to have a separate building.

Regarding construction of new quarters for Penitentiary Hospital assistants and submitting plan of the choultry proposed to be constructed by Sir Savulai Ramaswami Mudaliar.

If any there is no objection to the plan of the choultry. The plan of the above mentioned building is proposed for the choultry and the plan of the choultry is proposed for the building. The plan of the choultry is proposed for the building. The plan of the choultry is proposed for the building.

and the two groups are in lines. There are however two found plans of the Brahmin quarters and the matter may be cleared up in the P.W.D.
